Minutes of Meeting

12.12.2019

A meeting was held in the department of Chemistry to discuss the organization of 30 hours Certificate Course on "Greener and Safer Techniques in Chemistry Laboratories" for B.Sc. Students.

After threadbare discussion it was decided that

- A 30 hours Certificate Course will be organized w.e.f. 1.1.2020 to 10.1.2020
- Syllabus for this certificate course will remain the same with the course code CCC01.
- Faculty members will act as resource persons.
- Students of B.Sc. Semester 5th who are willing to attend the course will be asked to give their names to Prof. Sham Lal and Prof. Malti.
- Students will be given certificates after the completion of the said course.
- Evaluation will be done on the basis of day to day performance, assignment test based on multiple choice questions and viva-voce.
- There will be daily four classes from 9.30 a.m. to 2.00 p.m. of one-hour each with 30 minutes break from 11.30am -12.00 noon.

Meeting ended with the vote of thanks.

The following faculty members were present in the meeting:

1. Dr. Indu Khajuria(Course Coordinator)
2. Dr. Deepika Gupta
3. Dr. Shally Chadha
4. Prof. Sweety Verma
5. Prof Anju Bala

Syllabus for Certificate Course in Chemistry

Course Title " Safer and Greener Techniques in Chemistry Laboratories"

Course code CCC01

Duration of Course 30 hours

Course Description This course is designed to provide students with the knowledge and skills to work safely and sustainably in chemistry laboratories.

Module 1: Introduction to Safer and Greener Chemistry

- Overview of safer and greener chemistry principles
- The importance of sustainability in laboratory

Module 2: Hazard identification and Risk Assessment

- Recognizing chemical hazards
- Conducting risk assessments
- Safety data sheets(SDS) and their importance

Module 3: Chemical Storage and Handling

- Proper chemical storage techniques
- Safe chemical handling procedures
- Compatibility and segregation of chemicals

Module 4: Lab Equipment and Personal Protective(PPE)

- Selection and use of lab equipment
- Types of PPE and their importance
- Emergency eyewash and shower procedures
-

Module 5: Waste Management

- Minimizing waste generation

GOVERNMENT COLLEGE FOR WOMEN GANDHINAGAR,JAMMU

- Recycling and disposal of chemical waste

Module 6: Laboratory Accidents and Emergency Response

- Types of Lab accidents
- Emergency response procedures
- Fire safety and evacuation plans

Module 7: Sustainable Practices in Analytical Chemistry

- Green and analytical techniques
- Reduction of solvent and energy consumption

Module 8: Safer synthesis and Reactions

- Safer alternatives in chemical synthesis
- Reactivity hazards in chemical reactions

Assessment of the students will be done by conducting assignment test based on multiple choice questions and viva-voce on completion of the certificate course.

Students will be given certificates after the completion of the course.

Outcome of the Certificate Course in "Safer and Greener Techniques in Chemistry Laboratories"wef 1st Jan- 10th Jan,2020

1. This certificate course aims to create more responsible and knowledegeable chemists in terms of safety and envirnomental concerns.
2. This certificate course will improve the practical hand of students.
3. When students perform practically, it leads to more interest in the subject.

Multiple choice questions M.Marks 50

Name Aditi Verma **Semester** 5th **Roll no** 17020030004

1. Name the conventional solvent that was used for dry cleaning purposes.
a) Supercritical CO_2. b)Phenanthrene c)Tetrachloroethene d) Benzene

2. What is the term for the practice of designing chemicals that have reduced toxicity?
a) Toxicology b)Green chemistry c)Chemical synthesis d)Hazardous chemistry

3. Which type of solvent is considered more environmentally friendly in green chemistry?
a) Non-renewable solvents b)Volatile organic solvents c)Water based solvents d)Toxic solvents

4. Which of the following gas was traditionally used to bleach paper?
a) Sulfur b)Carbon dioxide c)Chlorine d)Fluorine

5. Which of the following is NOT a principle of green chemistry?
a) Atom economy b)Waste reduction c)Toxic material production d)Energy efficiency

6. What is the term for the minimization of waste generated during a chemical process?
a) Waste management b)Green synthesis c)Waste reduction d)Toxic waste

7. Which of the following is an example of a renewable feedstock in green chemistry/
a) Fossil fuels b)Petroleum c)Cornstarch d)Plastic

8. What is the primary benefit of using catalysis in green chemistry?
a) Increasing reaction time b)Reducing the need for energy c)Generating more waste d)Creating toxic byproducts

9. Which type of chemical reactions are often employed to reduce the environment impact in green chemistry?
a) Exothermic reactions b)Endothermic reactions c)Combustion reaction d)Electrochemical reactions

10. What does the term "E-factor" represents in green chemistry?
a) Energy efficiency b)Environmental impact factor c)Efficiency factor d)Economic factor

11. Which organisation promotes and supports green chemistry principles?

a) EPA b)FDA c)CDC d)NASA

12. Which of the following is an example of a green solvent?
a) Acetone b)Hexane c)Dimethyl sulphoxide d)Water

13. What is the term for designing products to be easily disassembed and recycled?
a) Green design b)Product life cycle c)Cradle-to-grave d)Design for recycling

14. Which of the following is NOT a benefit of using greener techniques in chemistry laboratories?
a) Lower costs b)Reduced environmental impact c)Faster reactions d)Improved safety for lab personnel

15. What is the primary goal of designing safer chemical processes in green chemistry?
a) To increase waste production b)To reduce the risk of accidents c)To maximize chemical yield d)Faster reactions

16. Which of the following is a key principle of green chemistry related to energy efficiency?
a) Use as much energy as possible b) Maximize energy waste c) Minimize energy consumption d) Ignore energy consideration

17. Which of the following materials is commonly used as a green alternative to plastic in labware?
a) Polyethylene b) Glass c) Styafoam d) PVC

18. What does the term "benign by design" mean in the context of green chemistry?
a) Designing chemicals to be toxic b) Designing chemicals with reduced toxicity
c) Designing chemicals for military applications d) Designing chemicals for cosmetics

19. Which of the following is an example of a green analytical technique?
a) Gas chromatography-mass spectroscopy b) Incineration c) Disposal in a landfill
d) Titration

20. In green chemistry, what is the primary focus when selecting reaction conditions?
a) Maximizing waste production b) Minimizing energy efficiency c) Maximizing safety d) Minimizing environmental impact

21. What is the term for the practice of using microreactors to conduct chemical reactions with small quantities of materials?
a) Macrochemistry b) Miniaturization c) Nanotechnology d) Microchemistry

22. Which of the following is NOT a characteristic of a green chemical process?
a) High economy b) Minimal use of renewable resources c) Minimal generation of hazardous waste d) Low energy requirements

23. What is the primary advantage of using supercritical CO_2 as a green solvent?

a) It is highly toxic b) It is not recyclable c) It is non-flammable d) It is expensive

24. Which of the following statements is true about 12 Principles of Green chemistry?

a) They are guidelines for maximizing waste b) They were developed to promote hazardous chemical reactions c) They provide a framework d) They are primarily focused on reducing product yield

25. What role does education play in promoting safer and greener techniques in chemistry laboratories?

a) It has no impact on laboratory practice b) It is essential for raising awareness and promoting best practice c) It is only relevant for researchers, not for students d) It increases laboratory costs

Sub: Requesting permission to organize a 30-hour duration course on Personality Development.

Respected Ma'am,

It is to bring to your kind notice that the Department of English wants to start a course on Personality Development for the students of the College. The programme will be of 30- hours duration spanning two weeks. The course will be aimed at developing life skills such as time-management, motivation, critical thinking, communication skills, influencing abilities, managing skills, problem solving, creative thinking, social skills, etc. Our college undoubtedly provides best academic education to our students and this course will provide them the confidence to face challenges in real life situations. These skills will equip them for the life after the College.

The course will be organized in the months of October and February every year and will be conducted by the faculty members of the Department. Each batch will comprise of 50 students of the Department from Semesters I and II, who will be evaluated at the end of the course and students will be provided certificates after the successful completion of the course. The syllabus of the course will be designed by the Department of English and will be duly approved by the competent authority.

Kindly grant the permission to the Department of English to organize this course. I will be highly obliged.

Thanking You

Regards
Yours' sincerely

Expected Outcomes of the course:

- It is expected that the said course in disaster and remedial measures will bring an understanding of various disastersamong the young students
- Through this course the students will get to know what to do and how to respond in the times of crisis.
- They will be given the information regarding all the possible impacts of disasters, how they occur.
- Such courses help the students to understand and absorb the environmental significance in practical sense.

Outcome

- Since this course is apart from the main curriculum therefore it generated a special interest in the students regarding their environment.
- The students successfully completed the course with huge participation and attendance.
- Their good performance in the assessment is an indication in itself that the students learnt from this course and understood it well.
- There is less panic among the students regarding disasters particularly earthquake and fire as they have gone through mock drills.

REPORT ON CERTIFICATE COURSE ON WORLD GEOGRAPHY

SESSION: 2019-20

The Principal

Subject: Proposal for a 30- hour Certificate Course of 15 days on World Geography for 6th Semester Geography Students from 28 January, 2020 to 11 February 2020.

We are writing you on behalf of the Department of Geography to propose a 15-day Certificate Course on World Geography for the 6th-semester students majoring in Geography at Geography Department. The primary objective of this proposed certificate course is to provide our 6th-semester Geography students with a comprehensive understanding of world geography, focusing on key regions, physical features, cultural aspects, and contemporary geopolitical issues. We believe that this course will not only enhance the academic knowledge of our students but also equip them with the skills and knowledge necessary to become informed global citizens.

Objectives:

It encourages students to grasp the fundamental concept of latitude and longitude as the coordinate system used to pinpoint locations on the Earth's surface.

Students will be able to learn how to use latitude and longitude coordinates to accurately locate positions anywhere on Earth.

World physiographic studies aims to categorize, describe, and analyze the diverse surface features of the Earth, such as mountains, plateaus, plains, valleys, deserts, and oceans.

It involves visual representations of Earth's physical features to provide a clear and comprehensive view of its landforms.

Identification of Geological Processes: The study helps identify and explain the geological processes that have shaped and continue to modify the Earth's surface, including tectonic plate movements, erosion, weathering, and volcanic activity.

By understanding the physiography of different regions, it becomes possible to analyze the distribution of resources, trade pattern and economic development, aiding in the understanding of global economic systems.

To enables the students to comprehend the spatial distribution of natural and human phenomena on Earth, and how they Interact with each other.

Minutes of Meeting

A meeting of the Faculty Members of the Department was held on 20 January, 2020 with Kamlesh Salathia, the Head of the Department, in the HOD Office, at 11:30 a.m.

Attendees: Teaching Faculty of Geography Department.

Agenda: Certificate Course on World Geography

Minutes of the Meeting

Attendees discussed the proposal to initiate a 30-hour Certificate Course of 15 days on World Geography for the 6th semester students of Geography Core, during the upcoming winter vacation in the month of January.

The consensus was that such a course would benefit 6th-semester students (final year) majoring in Geography by enhancing their knowledge and skills in World Geography.

It was decided that the course would run from 28 January, 2020 to 11th February, 2020 with classes scheduled from 3:30 P.M to 5:30 P.M.

It was decided that each faculty member would be responsible for teaching during the course.

It was decided that faculty members will prepare a list of students interested in participating in the course.

The HOD will coordinate and finalize the schedule, ensuring that the course content is evenly distributed among faculty members.

Faculty members agreed to collaborate and share their expertise to ensure a comprehensive and engaging learning experience for the students.

The meeting concluded with the understanding that the schedule for faculty members' sessions would be shared once finalized.

Subject: Proposal for a 30-Hour Chocolate Making Certificate Course for College Students

Respected Ma'am,

I am writing to propose the introduction of a 30-hour Chocolate Making Certificate Course in the Department of Home Science . This course aims to cater to the increasing demand for specialized culinary skills and provide students with a comprehensive understanding of the art and science of chocolate making.

Course Overview

Title: Certificate Course in Chocolate Making
Duration: 30 hours
Target Audience: B.Sc Home Science Students and students and individuals from other streams interested in pursuing a career in the confectionery industry.
Guest Instructors: Inviting industry experts and chocolatiers for guest lectures and practical demonstrations.

.

Course Objectives
The Chocolate Making Certificate Course will have the following objectives:

1. Skill Development: Equip participants with practical skills and knowledge required for crafting high-quality chocolates.
2. Art and Science: Explore the artistic and scientific aspects of chocolate making, including tempering techniques, flavor profiles, and decoration.
3. Hands-on Experience: Provide hands-on experience in creating a variety of chocolate products, such as truffles, pralines, and bonbons.
4. Industry Insight: Familiarize participants with different types of chocolate and industry-relevant practices.
5. Business Basics: Cover packaging, presentation, and basic marketing aspects of chocolate products.

Assessment:
Assessment will be based on practical demonstrations, class participation, and a final project where students will create a unique chocolate gift set, showcasing their skills in chocolate making and presentation. Successful completion of the course will earn participants a certificate of achievement.

The introduction of the 30-Hour Chocolate Making Certificate Course aligns with our commitment to providing practical and relevant education to our students and the wider community. We believe that this course will not only fulfill the aspirations of culinary enthusiasts but also contribute to the development of skilled chocolatiers.

COURSE OUTCOMES: BASIC CERTIFICATE COURSE ON PUNJABI BHASHA ATE VYAKARN

1. Personal Enrichment: Beyond practical benefits, learning Punjabi can be personally enriching. It can deepen one's appreciation for linguistic diversity and promote cross-cultural understanding.
2. Language Proficiency: The primary goal of a basic Punjabi course is to help students develop proficiency in the Punjabi language. By the end of the course, students should be able to understand and use basic Punjabi vocabulary, grammar, and pronunciation.
3. Communication Skills: Students will be able to engage in basic conversations in Punjabi. This includes introducing themselves, asking and answering simple questions, and expressing common thoughts and ideas.
4. Reading and Writing: Basic Punjabi courses often cover the Gurmukhi script, which is used to write Punjabi. Students may learn to read and write simple sentences, words, and phrases in Gurmukhi.
5. Improved Language Learning Skills: Studying Punjabi can also enhance a student's overall language learning skills. They may become better at grasping grammar rules, vocabulary acquisition, and pronunciation in other languages.
6. Career Opportunities: Depending on the student's career goals, a basic understanding of Punjabi can be an asset. It can open up job opportunities in fields such as translation, interpretation, international business, and even diplomacy, particularly in regions with Punjabi-speaking populations.
7. Cultural Exchange: Learning Punjabi can facilitate cultural exchange and foster connections with Punjabi-speaking communities, both locally and globally.

Basic Certificate course on Punjabi Bhasha Ate Vyakaran

1. Students have acquired a foundational vocabulary, which will enable you to discuss common topics and understand basic written and spoken Punjabi.
2. Students improved your pronunciation and developed an understanding of Punjabi accents and tones, which are crucial for effective communication.
3. Depending on the course, students have learned to read and write in the Gurmukhi script, which is the script used for writing Punjabi. This skill is important for further language development.
4. Students learned basic Punjabi grammar rules and sentence structures, enabling you to form coherent sentences and understand simple texts.
5. Many language courses also include cultural aspects, so students have gained some insights into Punjabi culture, customs, and traditions.

REPORT ON CERTIFICATE COURSE ON GREENER AND SAFER TECNIQUES IN CHEMISTRY LABORATORIES

SESSION: 2018-19

The Principal

GCW Gandhi Nagar

Jammu

Subject: Proposal for a 30-Hour Certificate Course on "Greener and Safer Techniques in Chemistry Laboratories"

Respected Madam,

The Department of Chemistry would like to propose to start certificate course each year on "Greener and Safer Techniques in Chemistry Laboratories" for the students of BSc of college with Chemistry as their subject.

We believe that this course will definitely increase their experimental skills using green and safe techniques.

Course Objectives:

1. This certificate course aims to create more responsible and knowledegeable chemists in terms of safety and envirnomental concerns.
2. This certificate course will make the students aware of the various experimental techniques in chemistry laboratories .
3. Students will use a variety of laboratory techniques to safely conduct chemical experiments and procedures.
4. Students will observe safe practices in the laboratory.

Course Structure:
The proposed course will be 30- Hour certificate course. The sessions will be conducted by the faculty members of the department.
Assesement and Certification:

Assessment of the students will be done on the basis of day to day performance, assignment test based on multiple choice questions, and viva-voce +. Successful completion of the course will earn participants a certificate of achievement, recognizing their

Minutes of Meeting

04.12.2018

A meeting was held in Department of Chemistry to discuss the organization of 30 hours Certificate Course on "Greener and Safer Techniques in Chemistry Laboratories" for B.Sc. Students.

After threadbare discussion it was decided that

- A 30 hours Certificate Course will be organized w.e.f. 1.1.2019 to 10.1.2019
- Syllabus for this certificate course will be prepared by the faculty members.
- Content of the syllabus will be different from the syllabi being taught in the college.
- Faculty members will act as resource persons.
- Students of B.Sc. Semester 5th who are willing to attend the course will be asked to give their names to Dr. Sham Lal and Dr. Revika Arora.
- Students will be given certificates after the completion of the said course.
- Evaluation will be done on the basis of day to day performance, assignment test based on multiple choice questions and viva-voce.
- There will be daily four classes from 9.30 a.m. to 2.00 p.m. of one-hour each with 30 minutes break from 11.30am -12.00 noon.

Meeting ended with the vote of thanks.

The following faculty members were present in the meeting:

1. Dr. Indu Khajuria(Course Coordinator)
2. Dr. Deepika Gupta
3. Dr. Shally Chadha
4. Prof. Sweety Verma
5. Prof Anju Bala

Syllabus for Certificate Course in Chemistry

Course Title " Safer and Greener Techniques in Chemistry Laboratories"

Course code CCC01

Duration of Course 30 hours

Course Description This course is designed to provide students with the knowledge and skills to work safely and sustainably in chemistry laboratories.

Module 1: Introduction to Safer and Greener Chemistry

- Overview of safer and greener chemistry principles
- The importance of sustainability in laboratory

Module 2: Hazard identification and Risk Assessment

- Recognizing chemical hazards
- Conducting risk assessments
- Safety data sheets(SDS) and their importance

Module 3: Chemical Storage and Handling

- Proper chemical storage techniques
- Safe chemical handling procedures
- Compatibility and segregation of chemicals

Module 4: Lab Equipment and Personal Protective(PPE)

- Selection and use of lab equipment
- Types of PPE and their importance
- Emergency eyewash and shower procedures

Module 5: Waste Management

- Minimizing waste generation
- Recycling and disposal of chemical waste

GOVERNMENT COLLEGE FOR WOMEN GANDHINAGAR,JAMMU

Module 6: Laboratory Accidents and Emergency Response

- Types of Lab accidents
- Emergency response procedures
- Fire safety and evacuation plans

Module 7: Sustainable Practices in Analytical Chemistry

- Green and analytical techniques
- Reduction of solvent and energy consumption

Module 8: Safer synthesis and Reactions

- Safer alternatives in chemical synthesis
- Reactivity hazards in chemical reactions

Assessment of the students will be done by conducting assignment test based on multiple choice questions and viva-voce on completion of the certificate course.

Students will be given certificates after the completion of the course.

Multiple choice questions M.Marks 50

Name Neha Devi **Semester** 5th **Roll no** 60213010

1. Which of the following is a green solvent for bleaching clothes?
a) Hydrogen peroxide b)Tetracholroethene c)Benzene d) Toluene

2. What is the term for the practice of designing chemicals that have reduced toxicity?
a) Toxicology b)Green chemistry c)Chemical synthesis d)Hazardous chemistry

3. Which type of solvent is considered more environmentally friendly in green chemistry?
a) Non-renewable solvents b)Volatile organic solvents c)Water based solvents d)Toxic solvents

4. Which of the following gas was traditionally used to bleach paper?
a) Sulfur b)Carbon dioxide c)Chlorine d)Fluorine

5. Which of the following is NOT a principle of green chemistry?
a) Atom economy b)Waste reduction c)Toxic material production d)Energy efficiency

6. What is the term for the minimization of waste generated during a chemical process?
a) Waste management b)Green synthesis c)Waste reduction d)Toxic waste

7. Which of the following is an example of a renewable feedstock in green chemistry/
a) Fossil fuels b)Petroleum c)Cornstarch d)Plastic

8. What is the primary benefit of using catalysis in green chemistry?
a) Increasing reaction time b)Reducing the need for energy c)Generating more waste d)Creating toxic byproducts

9. Which type of chemical reactions are often employed to reduce the environment impact in green chemistry?
a) Exothermic reactions b)Endothermic reactions c)Combustion reaction d)Electrochemical reactions

10. What does the term "E-factor" represents in green chemistry?
a) Energy efficiency b)Environmental impact factor c)Efficiency factor d)Economic factor

11. Which organisation promotes and supports green chemistry principles?

a) EPA b)FDA c)CDC d)NASA

12. Which of the following is an example of a green solvent?
a) Acetone b)Hexane c)Dimethyl sulphoxide d)Water

13. What is the term for designing products to be easily disassembed and recycled?
a) Gren design b)Product life cycle c)Cradle-to-grave d)Design for recycling

14. Which of the following is NOT a benefit of using greener techniques in chemistry laboratories?
a) Lower costs b)Reduced environmental impact c)Faster reactions d)Improved safety for lab personnel

15. What is the primary goal of designing safer chemical processes in green chemistry?
a) To increase waste production b)To reduce the risk of accidents c)To maximize chemical yield d)Faster reactions

16. Which of the following is a key principle of green chemistry related to energy efficiency?
a) Use as much energy as possible b) Maximize energy waste c) Minimize energy consumption d) Ignore energy consideration

17. Which of the following materials is commonly used as a green alternative to plastic in labware?
a) Polyethylene b) Glass c) Styafoam d) PVC

18. What does the term "benign by design" mean in the context of green chemistry?
a) Designing chemicals to be toxic b) Designing chemicals with reduced toxicity c) Designing chemicals for military applications d) Designing chemicals for cosmetics

19. Which of the following is an example of a green analytical technique?
a) Gas chromatography-mass spectroscopy b) Incineration c) Disposal in a landfill d) Titration

20. In green chemistry, what is the primary focus when selecting reaction conditions?
a) Maximizing waste production b) Minimizing energy efficiency c) Maximizing safety d) Minimizing environmental impact

21. What is the term for the practice of using microreactors to conduct chemical reactions with small quantities of materials?
a) Macrochemistry b) Miniaturization c) Nanotechnology d) Microchemistry

22. Which of the following is NOT a characteristic of a green chemical process?
a) High economy b) Minimal use of renewable resources c) Minimal generation of hazardous waste d) Low energy requirements

23. What is the primary advantage of using supercritical CO_2 as a green solvent?

(3)

a) It is highly toxic b) It is not recyclable c) It is non-flammable d) It is expensive

24. Which of the following statements is true about 12 Principles of Green chemistry?

Expected Outcomes of the course:

- It is expected that the said course in Environmental Laws will make the students aware of various legislative measures available in the country to deal with various environmental problems.
- Through this course the students will get to know where to approach in case there is an environmental infringement.
- They will be given the information regarding national environmental laws on one hand and an acquaintance with the international protocols.
- Such courses help the students to understand and absorb the environmental significance in practical sense.

Outcome

- Since this course is apart from the main curriculum therefore it generated a special interest in the students regarding their environment.
- The students successfully completed the course with huge participation and attendance.
- Their good performance in the assessment is an indication in itself that the students learnt from this course and understood it well.

REPORT ON CERTIFICATE COURSE ON WORLD GEOGRAPHY

SESSION: 2018-19

1447

The Principal

Subject: Proposal for a 30- hour Certificate Course on World Geography for 6th Semester Geography Students from 21 January, 2019 to7th February, 2019.

We are writing to present a proposal on behalf of the Department of Geography, advocating for the implementation of a 15-day Certificate Course in World Geography. This course is intended for 6th-semester Geography students majoring in Geography and is scheduled to take place from 21st January2019, to 7th February, 2019.

The primary goal of this proposed certificate course is to offer our 6th-semester Geography students an extensive and profound understanding of world geography. The curriculum will emphasize critical regions, geographical features, cultural dimensions, and contemporary geopolitical matters. We firmly believe that this course will not only augment the academic knowledge of our students but also furnish them with the essential skills and awareness required to become well-informed global citizens.

Objectives:

To foster students' understanding of the fundamental concept of latitude and longitude, which serves as the coordinate system for pinpointing locations on the Earth's surface.

To equip students with the ability to effectively utilize latitude and longitude coordinates for precise location identification anywhere on Earth.

To explore the field of world physiographic studies, which entails the classification, description, and analysis of various surface features of the Earth, including mountains, plateaus, plains, valleys, deserts, and oceans.

To provide a clear and comprehensive depiction of Earth's landforms.

To know about geological processes that have shaped and continue to modify the Earth's surface, encompassing phenomena such as tectonic plate movements, erosion, weathering, and volcanic activity.

To enhance the capacity to analyze resource distribution, trade patterns, and economic development by comprehending the physiography of different regions, contributing to a deeper understanding of global economic systems.

To enable students to grasp the spatial distribution of natural and human phenomena on Earth and how these elements interact with one another.

MINUTES OF MEETING

Date: January 12, 2019
Time: 11:30 AM
Venue: Principal's Chamber

Agenda: Proposal for Certificate Course on Gender Sensitization

Meeting Proceedings:

The meeting was called to order by the Principal at 11:30 AM.

1. The HOD Home Science provided a brief overview of the proposed "30-Hour Gender Sensitization Course" in collaboration with the CASH Committee. The course aims to spread awareness and understanding about gender-sensitive issues among students.

2.She outlined the course structure, emphasizing that the course will run for 10 weeks, with three hours of session per week. The interactive nature of the sessions was highlighted.

3. Convenor CASH Committee shared insights into the importance of gender sensitization in promoting a respectful and inclusive campus environment.

4. It was proposed that Dr. Anjali Bhat would act as the coordinator of the said course.

5. It was proposed to invite guest speakers from diverse backgrounds to provide a well-rounded perspective on gender-related topics.

6. Discussion ensued regarding the evaluation process.It was proposed a combination of assignments, group activities, and a final surprise test or quiz to assess students' understanding and application of the concepts.

7. Principal commended the efforts of the Department of Home Science and the CASH Committee for their collaborative approach towards promoting gender sensitization.

8. It was unanimously agreed that the course should be open preferably for 6th semester students from all streams. As these students will not get the chance again as they are outgoing students

The meeting concluded with the Principal expressing full support for the proposed course and commending the participants for their dedication for promoting a more inclusive campus.

GENDER SENSITIZATIOBN COURSE

Duration : 30 hrs

Date: 23rd January 2019 3rd April 2019

Location: Department of Home Science

Time: 2:00 PM - 3:00 PM

COURSE REPORT AND OUTCOMES:

Being a women's college the proposed course on gender sensitivity and empowerment aimed to address various aspects related to gender, stereotypes, discrimination, and the promotion of inclusivity. Our students could benefit from this course and the same time prepare them to face the world. The course was designed to create awareness and foster critical thinking among students about these crucial topics. The following is a summary of the course content, resource persons, and the outcomes achieved:

Course Content:

The course covered a wide range of topics related to gender and empowerment. It began by introducing the concept of gender as a spectrum, exploring the impact of gender stereotypes, and delving into intersectionality as a means of addressing various forms of discrimination. The course also emphasized educating students about consent, boundaries, and healthy relationships, along with an examination of gender-based violence, its causes, consequences, and prevention strategies. The inclusion of LGBTQ+ awareness and inclusion, media portrayal and gender stereotypes, workplace gender equality, reproductive health, and women's legal rights further enriched the curriculum.

Resource Persons:

The course featured a diverse set of resource persons, each an expert in their respective fields, who shared their knowledge and experiences. These resource persons included academics and professionals from various disciplines, such as life-long learning, human development, English, home science, law, and psychology. Their combined expertise provided a comprehensive understanding of gender-related issues from different angles.

Outcomes Achieved:

Throughout the course, participants gained a deeper understanding of gender-related matters and their significance in various spheres of life. The objectives of the course were successfully met, resulting in the following outcomes:

&

CASH COMMITTEE

Increased Awareness: Participants gained a heightened awareness of the broad spectrum of gender identities and expressions, challenging traditional binary notions.

Critical Analysis: Students were able to critically analyze the impact of gender stereotypes on individuals and society, recognizing their role in perpetuating discrimination.

Inter sectional Perspective: The concept of intersectionality was understood and acknowledged as a tool to address multiple layers of discrimination that individuals may face.

Healthy Relationships: Participants acquired knowledge about consent, boundaries, and maintaining healthy relationships, contributing to better interpersonal dynamics.

Violence Prevention: Understanding the root causes of gender-based violence allowed students to identify preventive strategies and actively work toward a safer environment.

LGBTQ+ Acceptance: The course fostered empathy and acceptance towards LGBTQ+ individuals, promoting inclusivity and respect for their rights.

Media Awareness: Participants became more critical consumers of media by recognizing and challenging gender stereotypes portrayed in various forms of media.

Gender Equality Promotion: Empowered with knowledge, students were motivated to challenge patriarchal norms and advocate for gender equality in their surroundings.

Effective Communication: Participants developed effective communication skills to engage in constructive discussions on gender-sensitive topics, promoting open dialogue.

Creating Inclusive Spaces: The course inspired students to actively participate in creating gender inclusive spaces both within the college and in society at large.

The course's success was reflected in the final report, showcasing the students' growth in understanding gender-related issues and their commitment to promoting positive change. The comprehensive report highlighted the course objectives, curriculum, resource persons' contributions, participant engagement, and the achieved outcomes.

In conclusion, the proposed gender sensitivity and empowerment course proved to be an enriching and trans-formative experience for the participants. It laid the foundation for informed conversations, critical thinking, and positive actions toward a more inclusive and gender-equal society.

DEPARTMENT OF BIOTECHNOLOGY

REPORT ON CERTIFICATE COURSE ON LABORTARY TECHNIQUES IN BIOTECHNOLOGY

SESSION: 2021-22

Minutes of Meeting

A meeting was convened in the Principal's Chamber, Government College for Women, Gandhi Nagar, Jammu on the 07-10-2021 to deliberate on the formalities associated for conducting a short-term course titled "Basic Laboratory Techniques in Biotechnology." It was unanimously concluded that this course holds significant value in imparting essential laboratory skills to students.

After a comprehensive discussion, it was agreed to offer the course under the purview of the Department of Biotechnology, Dr. Rahul Sharma, Head of Department (Biotechnology) shall be entrusted with the role of Course Coordinator and Dr. Ashok Kumar will act as organising secretary for the course.

Furthermore, it was decided that no registration fee shall be levied on the college students enrolling in the course. A notice regarding the course will be prominently displayed on all college notice boards. Additionally, information pertaining to the course will be disseminated to students through WhatsApp groups associated with various science departments, with the assistance of the student presidium.

To enrich the course, invitations will be extended to faculty members from other institutes who can share their expertise on Basic laboratory techniques in the field of Biotechnology.

The meeting was adjourned with a vote of thanks extended to the esteemed Principal for their support and encouragement.

The attendees of the meeting were as follows:

1. Dr. Rahul Sharma
2. Dr. Renu Sharma
3. Dr. Ashok Kumar
4. Prof. Varun Sharma

Short term Certificate Course on "Basic Laboratory Techniques in Biotechnology"

Course Description:

This Short-Term Certificate Course on **"Basic Laboratory Techniques in Biotechnology"** is designed to provide students with a solid foundation in essential laboratory skills and techniques commonly used in the field of biotechnology. The course aims to equip participants with hands-on experience and theoretical knowledge required for working in biotechnology laboratories and related industries. Students will gain practical insights into laboratory practices, safety protocols, and the use of specialized equipment, setting them on a path towards successful careers in biotechnology.

Course Objectives:

Upon successful completion of this course, students will:

1. **Acquire Fundamental Skills:** Develop a comprehensive understanding of the basic laboratory techniques essential in biotechnology, including pipetting, microscopy, and gel electrophoresis.
2. **Safety Awareness:** Demonstrate knowledge of laboratory safety protocols and practices, ensuring the safe handling of biological materials and equipment.
3. **Instrument Proficiency:** Gain proficiency in operating common laboratory instruments such as centrifuges, spectrophotometers, and microscopes.
4. **Experimental Design:** Learn how to design and execute basic experiments, record data, and analyze results.
5. **Quality Control:** Understand the importance of quality control in laboratory processes and procedures.
6. **Documentation:** Develop skills in maintaining accurate laboratory records and reports.
7. **Troubleshooting:** Learn to identify and address common issues encountered in laboratory work.

The course finds its relevance in the current Post-COVID scenerio. The demand for the skilled workers in the diagnostic laboratories is at a hike. Such programs will hep the students a lot.

Course Syllabus:

Module 1: Introduction to Biotechnology and Laboratory Safety. **Dr. Rahul Sharma**
(8-11-2021 to 10-11-2021) (Department of Biotechnology, GCW Gandhinagar)

- Overview of Biotechnology
- Laboratory Safety Guidelines
- Personal Protective Equipment (PPE)
- Handling Chemicals and Biological Materials Safely

Module 2: Laboratory Equipment and Basic Skills **Dr. Renu Sharma**
(11-11-201 to 13-11-2021) (Department of Botany, GCW Gandhinagar)

- Laboratory Equipment and Instrumentation
- Proper Pipetting Techniques
- Microscopy and Cell Culture
- Measuring pH and Conductivity

Module 3: DNA Extraction and Analysis **Dr. Rahul Sharma**
(15-11-2021 to 18-11-2021) (Department of Biotechnology, GCW Gandhinagar)

- DNA Extraction Methods
- Gel Electrophoresis
- Polymerase Chain Reaction (PCR)

Module 4: Protein Analysis Techniques **Dr. Ashok Kumar**
(20-11-2021 to 22-11-2021) (Department of Biochemistry, GCW Gandhinagar)

- Protein Extraction and Quantification
- Sodium Dodecyl Sulfate-Polyacrylamide Gel Electrophoresis (SDS-PAGE)
- Western Blotting

Module 5: Microbial Culturing and Techniques **Dr. Rahul Sharma**
(23-11-2021 and 25-11-2021) (Department of Biotechnology, GCW Gandhinagar)

- Sterile Techniques
- Microbial Culturing and Identification
- Antibiotic Sensitivity Testing

Learning Outcomes of Short-Term Certificate Course on "Basic Laboratory Techniques in Biotechnology":

By the end of this course, students will be able to:

1. Perform laboratory techniques with precision and accuracy.
2. Implement safety protocols to ensure a secure laboratory environment.
3. Operate laboratory instruments proficiently.
4. Design and conduct basic experiments in biotechnology.
5. Understand the principles and procedures of DNA and protein analysis.
6. Cultivate and identify microbial cultures.
7. Analyze and interpret experimental data effectively.
8. Maintain thorough and accurate laboratory records.

This Short-Term Certificate Course on "Basic Laboratory Techniques in Biotechnology" offers an excellent opportunity for students and aspiring professionals to acquire fundamental skills that are highly valuable in the biotechnology industry. Upon completion, participants will be well-prepared to contribute effectively to laboratory research and development activities in various biotechnological fields.

Short term Certificate Course on "Basic Laboratory Techniques in Biotechnology"

Final Examination

Name of candidate Simran Sharma

Max. Marks : 30

University Roll No. 20020030179

All Questions carry 3 marks and all questions are compulsory.

1. Which laboratory equipment is commonly used for measuring the pH of a solution?

a) Microscope b) Pipette c) Spectrophotometer d) pH meter

2. What is the purpose of gel electrophoresis in biotechnology? a) Measuring conductivity b) Separating DNA or proteins based on size c) Counting microbial colonies d) Identifying microorganisms

3. What is the function of Polymerase Chain Reaction (PCR) in molecular biology?

a) Analyzing proteins b) Cloning DNA fragments c) Amplifying specific DNA sequences d) Isolating RNA

4. Which technique is commonly used to separate proteins based on their molecular weight?

a) PCR b) Microscopy c) SDS-PAGE d) Gel electrophoresis

5. What is Western Blotting used for in biotechnology?

a) Analyzing DNA b) Identifying microbial species c) Detecting specific proteins in a sample d) Measuring pH levels

6. Which of the following is NOT considered Personal Protective Equipment (PPE) in a laboratory setting?

a) Lab coat b) Safety goggles c) Laboratory notebook d) Gloves

7. What is the purpose of microscopy in biotechnology?

a) Measuring pH b) Studying cells and microorganisms c) Separating DNA fragments d) Analyzing proteins

8. Which method is commonly used to quantify the concentration of proteins in a sample?

a) PCR b) Microscopy c) Spectrophotometry d) Gel electrophoresis

9. Which of the following is a key component of laboratory safety?

a) Wearing fashionable clothing b) Handling chemicals without gloves c) Properly disposing of waste materials d) Working alone in the lab

10. What does PPE stand for in laboratory safety?

a) Personal Protective Environment b) Proper Procedure Execution c) Personal Protective Equipment d) Primary Protection Element

Report on the Short-Term Certificate Course on "Basic Laboratory Techniques in Biotechnology"

Participants: 100 registered students, 95 appeared in the exam

The Short-Term Certificate Course on "Basic Laboratory Techniques in Biotechnology" was conducted successfully from 8-11-2021 to 25-11-2021. The course, designed to equip participants with fundamental laboratory skills and knowledge in biotechnology, was attended by 100 registered students, and 95 of them appeared for the final examination. We are delighted to report that all the students who appeared in the exam have passed with flying colors.

Module 1: Introduction to Biotechnology and Laboratory Safety (Dr. Rahul Sharma)

- *Date: 08-10 Nov.2021*
- *Resource Person: Dr. Rahul Sharma (Department of Biotechnology, GCW Gandhinagar)*

In the first module, "Introduction to Biotechnology and Laboratory Safety," Dr. Rahul Sharma provided an in-depth overview of biotechnology and its applications. The students were introduced to the principles of laboratory safety, including guidelines for handling chemicals and biological materials safely. Additionally, the importance of Personal Protective Equipment (PPE) was emphasized.

Module 2: Laboratory Equipment and Basic Skills (Dr. Renu Sharma)

- *Date: 11-13, Nov.2021*
- *Resource Person: Dr. Renu Sharma (Department of Botany, GCW Gandhinagar)*

Dr. Renu Sharma led the second module, focusing on "Laboratory Equipment and Basic Skills." The students were introduced to a wide range of laboratory equipment and instrumentation commonly used in biotechnology. Proper pipetting techniques, microscopy, cell culture, and techniques for measuring pH and conductivity were covered comprehensively.

Module 3: DNA Extraction and Analysis (Dr. Rahul Sharma)

- *Date: 15-18, Nov.2021*
- *Resource Person: Dr. Rahul Sharma (Department of Biotechnology, GCW Gandhinagar)*

Module 3, "DNA Extraction and Analysis," conducted by Dr. Rahul Sharma, provided students with a hands-on experience in DNA extraction methods. Gel electrophoresis and Polymerase Chain Reaction (PCR) techniques were also covered, giving students valuable insights into molecular biology practices.

Module 4: Protein Analysis Techniques (Dr. Ashok Kumar)

- *Date: 20-22, Nov.2021*
- *Resource Person: Dr. Ashok Kumar (Department of Biochemistry, GCW Gandhinagar)*

Dr. Ashok Kumar conducted Module 4, "Protein Analysis Techniques," which involved protein extraction, quantification, and Sodium Dodecyl Sulfate-Polyacrylamide Gel Electrophoresis (SDS-PAGE). Students were also introduced to Western Blotting methods during this module.

Module 5: Microbial Culturing and Techniques (Dr. Rahul Sharma)

- *Date: 23,25 Nov.2021*
- *Resource Person: Dr. Rahul Sharma (Department of Biotechnology, GCW Gandhinagar)*

The final module, "Microbial Culturing and Techniques," was once again facilitated by Dr. Rahul Sharma. This module covered sterile techniques, microbial culturing, identification, and antibiotic sensitivity testing. Hands-on training and demonstrations were conducted with the assistance of faculty members from the Department of Biotechnology and the utilization of virtual lab resources.

The Short-Term Certificate Course on "Basic Laboratory Techniques in Biotechnology" has provided students with a comprehensive foundation in essential laboratory skills and techniques. The commitment and dedication of our resource persons, along with the active involvement of faculty members from the Department of Biotechnology, ensured the success of this program.

We congratulate all the participants on their successful completion of the course, and we are confident that the knowledge and skills acquired during this program will serve as a solid stepping stone in their pursuit of careers in the field of biotechnology.

We express our gratitude to all those who contributed to the success of this course, and we look forward to offering more such educational opportunities in the future.

CERTIFICATE COURSE ON THE TOPIC "RETAIL MANAGEMENT"
OUTCOMES (30 HOURS)

CREDITS: 2
DURATION: 30 HOURS

The Certificate Course on communication and soft skills organized by the Department of Commerce for B.Com students had a range of detailed outcomes:

Specialized Knowledge: Students gained a deep understanding of retail management concepts, strategies, and best practices, which can be applied in real-world retail settings.

Career Advancement: This certification enhanced students' resumes and made them more competitive in the job market, especially for roles in retail management, merchandising, or marketing.

Practical Skills: They acquired practical skills such as visual merchandising, customer relationship management, inventory management, and more, which are essential for success in the retail industry.

Confidence Boost: With the knowledge and skills gained, students felt more confident when approaching retail marketing challenges and decision-making.

Entrepreneurship: Those interested in starting their own retail businesses benefited from learning how to market products effectively to target audiences.

Better Customer Understanding: Understanding consumer behaviour and market trends helped students serve customers better, leading to improved customer satisfaction and loyalty.

Adaptability: As the retail industry evolves, students with this certification will be better equipped to adapt to changing market dynamics and technologies.

Improved Communication: Retail marketing courses often emphasize effective communication, which is a valuable skill in any career.

Personal Growth: Learning new concepts and skills contributed to personal growth and development, fostering a lifelong love for learning.

These outcomes collectively contribute to preparing B.Com students for successful careers by equipping them with essential Retail management skills that are highly valued in the professional world.

Report of Certificate Course in Python Programming

Department of Computer Applications Padma Shri Padma Sachdev Govt. College for Women Gandhi Nagar Jammu organized a certificate Course in Python Programming from 1st of January to 30th of January, 2022 for the students through online mode. The Certificate Course in Python Programming, with duration of 60 hours, aimed to provide participants with a comprehensive understanding of Python programming, from fundamentals to advanced concepts. The course encompassed various activities to ensure effective learning and practical application of Python in real-world scenarios. The course was divided into five chapters of 12 hours, each focusing on specific aspects of Python programming. Throughout the course, various activities and assignments were assigned to participants to reinforce their understanding and provide hands-on experience. Regular feedback sessions were conducted to address participants' queries and concerns. Additionally, continuous evaluation and constructive feedback were provided on assignments and projects to track progress and improvement. The Certificate Course in Python Programming, spanning 60 hours, provided participants with a solid foundation in Python programming. Through a well-structured curriculum, practical activities, and assessments, participants gained valuable skills and knowledge in Python, setting them on a path to success in their programming careers.

Subject: Proposal for a 30 hours Life skill Education Certificate Course for College Students

Respected Ma'am

We the Department of education would like to propose the introduction of a comprehensive 30 hours Certificate Course on Life Skill Education Course for the students of the College. This Course aims to provide psycho social competence and personal skills that help people make careful big decisions, communicate effectively with others, develop coping skills with surrounded circumstances and manage oneself which leads to progress and success.

Couse Objectives:

The Course Objectives are briefly discussed as under:

- To familiarize student-teachers in the theoretical foundations of Life Skills Education
- To prepare student-teachers in training methodologies and enable students to apply Life Skills in various spheres ·

- To develop professionals in Life Skills Education and enhance the ability to contribute as youth workers specialized in the area of Life Skills Education.
- To foster the spirit of social responsibility in students and enhance social and emotional well being

Course Structure:

The proposed course will spread over 10 days with three hours of engaging and interactive session per day . The sessions will be conducted by Departmental staff.

Assessment and Certification:

Students will be evaluated through a combination of assignments, group discussions and a final viva -voce examination. The students have to obtain minimum 40% marks to pass the Examination. Successful completion of the course will earn participants a certificate of achievement.

This Course proves beneficial for students as Life skills will develop psychosocial competence and personal skills that help Students make careful big decisions, communicate effectively with others, develop coping skills with surrounding circumstances, and manage oneself which leads to progress and success.

Thank you for your time and consideration. We look forward to the opportunity to discuss this proposal in further detail.

Yours Sincerely

Sub: Requesting permission to organize a 30-hour duration course on Personality Development.

Respected Ma'am,

It is to bring to your kind notice that the Department of English wants to start a course on Personality Development for the students of the College. The programme will be of 30- hours duration spanning two weeks. The course will be aimed at developing life skills such as time-management, motivation, critical thinking, communication skills, influencing abilities, managing skills, problem solving, creative thinking, social skills, etc. Our college undoubtedly provides best academic education to our students and this course will provide them the confidence to face challenges in real life situations. These skills will equip them for the life after the College.

The course will be organized in the months of October and February every year and will be conducted by the faculty members of the Department. Each batch will comprise of 50 students of the Department from Semesters I and II, who will be evaluated at the end of the course and students will be provided certificates after the successful completion of the course. The syllabus of the course will be designed by the Department of English and will be duly approved by the competent authority.

Kindly grant the permission to the Department of English to organize this course. I will be highly obliged.

Thanking You

Regards
Yours' sincerely

राजकीय महिला महाविद्यालय, गांधी नगर, जम्मू

कोर्स का विषय: हिंदी संरचना और भाषा विज्ञान अवधि: 30 घंटे

एक सप्ताह का कोर्स (27 दिसंबर 2021 से 1 जनवरी 2022)

(सत्र 2021-22)

अध्ययन केंद्र : आर्टस ब्लाक, महाविद्यालय परिसर , 10:00 बजे से 3 बजे अपराह्न तक

पाठ्यक्रम की अवधारणा एवं उद्देश्य :

हिंदी विभाग उपस्नातक विद्यार्थियों के लिए 27 दिसंबर 2021 से 1 जनवरी 2022 तक एक सप्ताह की अवधि के प्रमाणपत्र कोर्स का आयोजन करने जा रहा है। यह अपने में एक नवीनतम पाठ्यक्रम है जो सामान्य उपस्नातक के अन्य पाठ्यक्रमों से भिन्न है। इस कोर्स के माध्यम से विद्यार्थी हिंदी के ध्वनि विज्ञान, शैली विज्ञान तथा कोश विज्ञान के व्यवहारिक एवं सैद्धांतिक ज्ञान से परिचित हो सकेंगे। पाठ्यक्रम सामग्री तथा इससे संबंधित उद्देश्यों की पूर्ति का सारांश निम्न प्रस्तुत किया जा रहा है :

पाठ्यक्रम सामग्री

भाषा विज्ञान अपने आप में एक व्यापक एवं विस्तृत विषय है। हमने अध्ययन की अवधि को ध्यान में रखते बारीकी से विषयों का चयन किया है। यह पाठ्यक्रम भाषा विज्ञान के एक उपविषय ध्वनि संरचना से प्रारम्भ होगा, जिसके अंतर्गत विद्यार्थियों को हिंदी वर्णमाला की ध्वनियों का वर्गीकरण पढ़ाया जाएगा।

दूसरे उपविषय में शैली विज्ञान के स्वरूप, क्षेत्र और विकास की व्यवहारिक जानकारी देते हुए उसके सैद्धांतिक पक्ष की विवेचना के बारे में भी समझाया जाएगा। शैली विज्ञान साहित्य का भाषा परक अध्ययन है। यह साहित्य को समझने- समझाने का अध्ययन है।

पाठ्यक्रम के तीसरे उपविषय में अनप्रयुक्त भाषा विज्ञान के रूप में कोश विज्ञान के स्वरूप, प्रक्रिया एवं इसके निर्माण की प्रक्रिया के बारे में अध्ययन कराया जाएगा।

पाठ्यक्रम परिणाम

इस कोर्स के अध्ययन के परिणामस्वरूप प्रतिभागी भाषाविज्ञान से संबंधित ध्वनि विज्ञान, शैलीविज्ञान तथा कोश विज्ञान के व्यवहारिक एवं सैद्धांतिक पक्ष की बारीकियों का ज्ञान प्राप्त करेंगे।

1 MONTH FABRIC EMBELLISHMENT COURSE

Date: 1st December 2021 - 24th December 2021

Location: Department of Home Science

Time: 1:00 PM - 2:30 PM

The Department of Home Science, in collaboration with Buddha Art and Painting Handicraft Industry Co-Operative Society LTD., organized 1 month fabric embellishment course from 1st to 24th December 2021. The course aimed to provide students with valuable skills and knowledge in the field of fabric painting. Ms. Sanjogita Dogra, a senior trainer from Buddha Art and Painting Handicraft Industry Co-Operative Society LTD., served as the esteemed resource person for the workshop.

Course Highlights:

1. Expert Trainer: Ms. Sanjogita Dogra, a senior trainer with extensive experience in fabric painting, guided the participants throughout the course. Her expertise and knowledge in the field ensured that the students received high-quality instruction and guidance.
2. Practical Sessions: The course focused on hands-on learning, with participants actively engaging in practical sessions on fabric painting techniques. They learned various techniques such as tie-dye, block printing, stencil printing, screen printing, and freehand painting. The practical sessions allowed participants to develop their skills and explore their creativity.
3. Theory Sessions: In addition to practical sessions, the course included theory sessions to provide participants with a comprehensive understanding of fabric painting. They learned about different types of fabrics, color theory, design principles, and the use of various tools and materials for fabric painting.
4. Project Work: Participants were assigned individual and group projects to apply their newly acquired skills. They were encouraged to explore their creativity and come up with unique designs and patterns. The project work allowed them to demonstrate their understanding of fabric painting techniques and develop their own style.

Course Outcomes:

1. Proficiency in Fabric Painting: Participants developed proficiency in various fabric painting techniques, including tie-dye, block printing, screen printing, and freehand painting. They gained hands-on experience and the ability to create vibrant and visually appealing designs on fabric.
2. Knowledge of Fabric and Colors: The course equipped participants with knowledge of different types of fabrics and their suitability for various

painting techniques. They also gained an understanding of color theory, allowing them to create harmonious and aesthetically pleasing designs.

3. Creative Expression: Through the course, participants honed their creative skills and learned to express themselves through fabric painting. They were encouraged to experiment with different styles and techniques, fostering their individual artistic expression.
4. Project Portfolio: Participants created a portfolio of fabric painting projects, showcasing their skills and creativity.

Report of certificate course in Music Theory Fundamentals

Department of Music Padma Shri Padma Sachdev Govt. College for Women Gandhi Nagar Jammu organized online certificate course in Music Theory Fundamentals during the winter vacation from 1st of January to 5th of January, 2022 for the students. The Certificate Course in Music Theory Fundamentals with a duration of 30 hours, was designed to introduce students to the foundational concepts and principles of Indian classical music. Students were introduced to recognize and differentiate between the shudh swaras, komal swaras & Vikrit Swaras. Basic knowledge of laya (tempo) variations in basic talas was provided to students. Students were also made familiar with swaras of ten Thaats of Indian Music and they were able to write them in bhatkhandey swarlipi paditi. The course encouraged active student participation through their positive response & raising doubts. The faculty's open-door policy and willingness to address doubts and concerns greatly contributed to a positive learning environment. The Certificate Course in Music Theory Fundamentals concluded successfully, equipping participants with a strong foundation in music theory..

Subject: Proposal for a 30-hour Certificate Course in Music Theory Fundamentals in the subject of Music.

Dear Madam,

I am writing to propose the initiation of a 30-hour certificate course in the subject of music,within our esteemed Music Department.This initiative aims to meet the growing demand for structured and comprehensive music theory education among students. This course will be organized by the Department of Music and is scheduled to take place from January1st ,2022, to January 5th, 2022.

Background and Rationale:

Music theory is the foundational knowledge that empowers musicians to comprehend, analyze, and create music effectively. While our department offers various specialized music programs for students of Music department, we have identified a need for a dedicated course that provides a strong foundation in music theory fundamentals for students of other discipline interested in basic knowledge of music This innovative program will cater to aspiring musicians and music enthusiasts by offering them a comprehensive foundation in music theory, enabling them to develop their musical skills and knowledge.

Course Overview:

- **Course Title:** Certificate Course in Music Theory Fundamentals.
- **Duration:** 30 hours
- **Dates:** January1st ,2022, to January 5th, 2022.
- **Location:** Department of Music
- **Target Audience:** Students of 5th semesters of any stream.

1.Understand the fundamental concepts of music theory, including swaras,thaats & taals.

2.Develop the ability to read and write music scores effectively.

3.Analyze and interpret musical compositions with a deeper insight.

4.Apply music theory principles to various instruments and genres.

5.Prepare for advanced music studies or careers in music education and performance.

Course Highlights:

- Lectures by experienced faculty members from the Department ofMusic.
- Enhanced Knowledge of swaras & talas with practical exercises.
- Practice of basic rhythm patterns in different Taals .
- Group discussions.

235

- Ability to read & write notation in Bhatkhandey Swarlipi paditi.
- Certification upon successful completion of the course.
- Opportunities for career advancement in the field of Music.

We believe that this 30-hour certificate course in Music Theory Fundamentals will provide valuable knowledge and skills to participants, contributing to their personal and professional growth. We kindly request your support and approval to proceed with the planning and organization of this course.

We look forward to discussing this proposal in detail and welcome any feedback or suggestions to make this course a success.

Yours faithfully

FUNDAMENTALS OF ELECTRICAL AND ELECTRONIC COMPONENTS:THEORY & PRACTICAL

Session:2021-22

Govt. College for Women Gandhi Nagar, Jammu

Department of physics

SYLLABUS

THEORY

Module 1 : Electronics & Electrical Components Identification

Resistors, Capacitors, Batteries, Switches, Diodes ,Transistors and Multimeters

Module 2 : Uses of Electronics components for basics Electronic devices

Use of resistors and capacitors in a circuit, charging and discharging of capacitors, Uses of transistors transistor connections, Uses of diodes, filter circuits.

Module 3 : Cathode Ray Oscilloscope operations

Identification of CRO knobs, Block diagram of CRO, Testing of CRO and PROBES, Measurements using CRO, Familiarization of Function Generators, Operation of Function Generator

Module 4 : Skill Development

Soldering of electronic components – full wave & bridge rectifiers – powerpack – Repairing of LED bulbs

PRACTICAL

1. Measurement of Resistance, Capacitance, Frequency, Current and Voltage (ac and dc) using Digital and Analog multimeters.
2. Testing transistor by using multimeters(Analog and Digital).
3. Testing p-n junction by using multimeters(Analog and Digital).
4. To obtain various forms for ac signals by varying frequencies.
5. Measurement of voltages on CRO.

Books For Reference

1. Principles of Electronics - V. K. Mehta, S. Chand & Co.
2. A Text Book of Electrical Technology - B. L. Theraja, S. Chand & Co.
3. Manual for CRO
4. Basic Electronics:Tata Mcgraw Hills

Minutes of meeting

Date and Time: 20/12/2021 at 3 PM
Venue: Department of Physics
Chairperson: Principal
Members Present:

- Prof. B.D. Sehgal (HOD)
- Prof.Prabhjeet Kour
- Prof. Renu Rajput
- Prof. Rawan Kumar
- Prof. Rajinder Kumar

Agenda of the Meeting:
Planning and Execution of Ten days Certificate course in Physics from 01-01-2021 to 10-01-2022

Resolution: It is unanimously resolved that the Department of Physics Govt. College for Women, Gandhi Nagar Jammu will organize a Ten-day certificate course in physics on the topic **FUNDAMENTALS OF ELECTRICAL AND ELECTRONIC COMPONENTS: THEORY & PRACTICAL**. The Resource Person for the course will be the faculty of the department viz

- Prof. B.D. Sehgal(HOD)
- Prof.Prabhjeet Kour
- Prof. Renu Rajput
- Prof. Rawan Kumar
- Prof. Rajinder Kumar

The meeting ended with a formal vote of thanks to the Chair.
Submitted to the Worthy Principal for approval.

COURSE OUTCOMES:

1. Upon completing this course, Students will acquire a comprehensive understanding of electronics and electrical components.
2. They will confidently identify and differentiate between resistors, capacitors, batteries ,switches, diodes, transistors and multimeters.
3. Students will gain practical insights into the application of these components in basic electronics devices, including circuit design involving resistors and capacitors , charging and discharging of capacitors, transistors configurations diode functionality and filter circuits.
4. The course will also equip students with the ability to operate a Cathode Ray Oscilloscope (CRO) effectively, encompassing the identification of CRO controls, understanding CRO block diagrams, conducting CRO and probe tests, and conducting measurements using the CRO.
5. Additionally, they will become familiar with Function Generators and proficiently operate them. In the realm of practical skills, students will develop proficiency in soldering electronic components, constructing full wave and bridge rectifiers, assembling power packs, and repairing LED bulbs.
6. Moreover, they will master essential measurement techniques, including resistance, capacitance, frequency, current, and voltage measurements using both digital and analog multimeters, as well as transistor and P-N junction testing.
7. Lastly, students will be able to generate various AC signal forms by varying frequencies and accurately measure voltages using a CRO.
8. This course provides a solid foundation for future pursuits in electronics and electrical engineering.

Attempt all question

1. What is the primary purpose of a resistor in an electronic circuit?
   a) Store electrical energy
   b) Amplify signals
   c) Control the flow of current
   d) Convert AC to DC

2. In a charging circuit, what happens to a capacitor over time?
   a) It discharges its stored energy
   b) It increases in resistance
   c) It stores electrical energy
   d) It acts as a switch

3. Which component stores electrical energy and releases it when needed in a circuit?
   a) Transistor
   b) Capacitor
   c) Diode
   d) Resistor

4. What is the primary function of a diode in a circuit?
   a) Amplify signals
   b) Control current flow
   c) Store energy
   d) Generate AC voltage

5. In which type of circuit would you typically find a filter circuit?
   a) Audio amplifiers
   b) Light switches
   c) Battery-powered devices
   d) Voltage regulators

6. What are the three basic components required for a transistor to operate?
   a) Cathode, anode, and gate
   b) Emitter, base, and collector
   c) Capacitor, resistor, and diode
   d) Inductor, potentiometer, and LED

7. In a common emitter transistor configuration, what is the role of the emitter?
   a) Control base current
   b) Amplify the signal
   c) Connect to the collector
   d) Ground the circuit

8. Which tool is used to measure voltage, current, and resistance in an electronic circuit?
   a) Oscilloscope
   b) Multimeter
   c) Function generator
   d) Transistor

9. What is a Function Generator primarily used for in electronics?
   a) Measure resistance
   b) Generate AC signals
   c) Control voltage
   d) Store electrical energy

10. Which component is commonly used to rectify AC voltage into DC voltage?
    a) Resistor
    b) Capacitor
    c) Diode
    d) Transistor

11. What is the purpose of a full-wave rectifier circuit?
    a) Convert DC to AC
    b) Convert AC to DC
    c) Store electrical energy
    d) Control current flow

12. In a bridge rectifier circuit, how many diodes are typically used?
a) 1
b) 2
c) 3
d) 4

13. Which device is used to test and measure electronic signals over time?
a) Multimeter
b) Function generator
c) Oscilloscope
d) Transistor

14. What is the function of a capacitor in a filter circuit?
a) Store electrical energy
b) Control current flow
c) Smooth out voltage ripples
d) Amplify signals

[illegible] of a basic electronic circuit?
c) Resistor
d) Soldering iron

16. Which knob on a Cathode-Ray Oscilloscope (CRO) is used to adjust the vertical position of the waveform?
a) Time/Div knob
b) Voltage/Div knob
c) Focus knob
d) Trigger level knob

[illegible] diagram of a CRO, which component is responsible for generating the electron beam?
a) Display unit
b) Horizontal amplifier
c) Vertical amplifier
d) Cathode ray tube (CRT)

18. How is a CRO typically tested to ensure its accuracy?
a) By measuring resistance
b) By generating a sine wave
c) By connecting a multimeter
d) By calibrating with known signals

19. What is the primary function of a function generator?
a) Measure voltage
b) Generate audio signals
c) Test diodes
d) Generate varying waveforms

20. Which of the following is NOT a common waveform generated by a function generator?
a) Square wave
b) Triangle wave
c) Sinusoidal wave
d) Rectangular wave

21. Which soldering technique is used to join two wires together?
a) Tinning
b) Solder wicking
c) Solder bridge
d) Soldering iron

22. What is the purpose of a power pack in electronics?
a) Store electrical energy
b) Generate AC voltage
c) Convert high voltage to low voltage
d) Regulate current flow

23. How can LED bulbs be repaired if they are not lighting up?
a) By replacing the resistor
b) By increasing the voltage
c) By replacing the LED
d) By disconnecting the battery

24. Which component in an electronic circuit regulates the flow of current and is often used to set the brightness of an LED?
a) Transistor
b) Capacitor
c) Resistor

d) Diode

25. What is the primary function of a switch in an electronic circuit?
a) Store electrical energy
b) Control the flow of current
c) Generate AC voltage
d) Measure resistance

MINUTES OF MEETING

Meeting Date: 02-12-2021.
Meeting Time: 03:30 pm.
Location: Department of Political Science..

MEETING PARTICIPANTS :

Dr. Pooja Charak, Head of Department.
Prof. Paramjeet Singh, Course Coordinator.
Dr. Harmeet Singh, Event Coordinator.

AGENDA: Conducting "Indian Foreign Policy" Certificate Course

DISCUSSIONS

1.The purpose of the meeting was to discuss the organisation of a week-long 30 hours certificate course titled "An Indian Foreign Policy" scheduled from 3-1-2022 to 8-1-2022, to be organized by the Department of Political Science during the winter vacations.

2. The course is aimed at creating awareness and promoting understanding of basic concepts of Political Science among participants. It will host a total of 100 participants.

3. The course coordinator presented the proposed schedule, including topics, sessions, and activities for each day. The sessions will cover a range of subjects, including Meaning, objectives, policies and contemporary issues on Indian Foreign Policy.

4. The event coordinator shared plans for logistical arrangements, including venue booking, catering, and technical requirements for presentations and workshops.

5. The marketing and promotion team discussed strategies to attract participants, including social media campaigns, email newsletters, and collaborations with relevant organizations.

6. Resource planning was discussed, including the division of Lectures to be conducted by Department Teachers, course materials, and resources for interactive activities.

DECISIONS MADE :

1. It was agreed that the dates for the "An Indian Foreign Policy" certificate course will be confirmed from 3-1-2022 to 8-1-2022 which will be a 30 hours course.

2- It was agreed that classes will be held from 09:00 am to 03:00 pm daily.

3. It was agreed that the course coordinator will finalise the course curriculum and share it with all participants before the start of course.

4. It was agreed that the venue of course will be Arts Block Room No 08. It was also agreed that the event coordinator will take care of the venue booking and ensure all technical arrangements are in place for the course sessions.

5. It was agreed that the Event Coordinator will begin the promotional campaign two weeks prior to the course start date.

6. It was agreed that the course coordinator will take care of the time table consisting of 3 sessions a day and attendance as well as gathering necessary course materials and resources.

The meeting ended with vote of thanks to the chair and was attended by the following faculty members:

ATTENDEES:

NOTICE FOR STUDENTS

10-12-2021

Government College for Women Gandhi Nagar Jammu

Department of Political Science

The Department of Political Science is going to organise a week long 30 -hours certificate course titled "**Indian Foreign Policy**" from 03-01-2022 to 08-01-2022. Interested students from 5th semesters who want to join the course can give their names in the Department of Political Science to Dr. Harmeet Singh by 17th of December 2022. All the participants will be provided with the certificates.

Course starts from 3rd January 2023

Timing: 09:00 am - 03:00 PM

Syllabus for a 1-week, 30-hour certificate course on "Indian Foreign Policy" organized by the Department of Political Science:

Course Description:

This certificate course provides a comprehensive exploration of India's foreign policy, its historical evolution, key principles, contemporary challenges, and its role in the international arena. Participants will gain a deep understanding of the factors shaping India's foreign policy decisions and its engagement with the world.

Course Outline:

Day 1: *Introduction to Indian Foreign Policy (5 hours)*

Session 1- Historical overview of Indian foreign policy
Session 2- Key principles and objectives
Session 3- Evolution over time

Day 2: Determinants of Indian Foreign Policy (5 hours)

Session 1- Geopolitical factors influencing Indian diplomacy
Session 2- Economic considerations in foreign policy
Session 3- Domestic political influences

Day 3: Bilateral Relations (5 hours)

Session 1- Relations with neighboring countries
Session 2- Strategic partnerships (e.g., USA, Russia)
Session 3- Diplomatic engagements in Asia, Africa, and the Middle East

Day 4: Multilateral Engagements (5 hours)

Session 1- Cultural and historical ties with other nations
Session 2- India's role in international organizations (e.g., UN, WTO)
Session 3- Participation in regional forums (e.g., SAARC, BRICS)

Day 5: Economic Diplomacy (5 hours)

Session 1- Trade and investment policies
Session 2- Economic partnerships and agreements
Session 3- Role in international economic institutions

Day 6: Contemporary Challenges (5 hours)

Session 1- Emerging global issues (e.g., climate change, cyber security)
Session 2- India's response to international crises (e.g., pandemics)
Session 3- Balancing interests in a multi polar world

Assessment and Evaluation:
Max - Marks: 20 (MCQ)
- 40% Attendance is Mandatory for completion of course.
- Final assessment based on active participation on MCQ.

CERTIFICATION:
Participants who successfully complete the course and assessments will receive a certificate in "Indian Foreign Policy" issued by the Department of Political Science.

1. Dr. Roop Chand
2. Prof. Sarang Bet
3. Dr. Manmeet Singh

Subject: Proposal for a 30-Hour Certificate Course on Indian Foreign Policy for College Students during Winter break 2021-22

Respected Ma'am,

We, the Department of Political Science, would like to propose the introduction of a comprehensive 30-hour certificate course on Indian Foreign Policy for the students of the college during winter breaks. This Certificate Course on Indian Foreign Policy will provide participants with valuable insights into India's evolving foreign policy landscape. It will equip them with the knowledge and skills necessary to navigate the complex world of international relations. We believe that this course will be a valuable addition to the academic and professional development of those interested in Indian foreign policy

Rationale:
Indian foreign policy plays a crucial role in shaping the nation's position on the global stage. Understanding its nuances is essential for diplomats, scholars, students, and professionals interested in international relations. To meet this demand, we propose a comprehensive six-day certificate course on Indian Foreign Policy. This course aims to provide participants with a deep understanding of India's foreign policy, its historical evolution, current priorities, and future prospects

Course Objectives:

The primary objectives of the course were as follows:

1. To understand the historical evolution of Indian foreign policy.
2. To analyze India's foreign policy priorities and its relations with key countries and international organizations.
3. To examine the challenges and opportunities in India's foreign policy, including economic, political, and security concerns.
4. To explore the role of diplomacy and soft power in India's global engagement.

Assessment and Certification:
Students will be evaluated through a combination of assignments, group discussions, and a final quiz. Successful completion of the course will earn participants a certificate of achievement, recognizing their commitment to sensitize about their rights and responsibilities.

We firmly believe that implementing this course will contribute to the holistic development of our students while inculcating more critical and diplomatic skills. We kindly request your support and approval to initiate this course for the upcoming academic year.

Thank you for your time and consideration. We look forward to the opportunity to discuss this proposal in further detail.

Yours sincerely

Subject: Proposal for 30 hour Online Certificate Course in Psychology

Respected Madam,

I am writing to propose the launch of an online certificate course in the field of psychology titled "Understanding Psychopathology." This course will be conducted from January 17th, 2022, to January 22nd, 2022, with Dr. Ujjwal Sharma, a distinguished clinical psychologist *(Psychological Solutions)* serving as the resource person.

Course Overview:

- Title: Understanding Psychopathology
- Duration: January 17th, 2022, to January 22nd, 2022
- Resource Person: Dr.Ujjwal Sharma, Clinical Psychologist (*Psychological Solutions*)

Course Objectives:

1. Provide participants with a comprehensive understanding of psychopathological disorders.
2. Explore various theories and models related to psychopathology.
3. Discuss diagnostic criteria and assessment techniques.
4. Offer insights into evidence-based treatment approaches.
5. Foster critical thinking and analytical skills in the field of psychology.

COURSE OUTCOMES: CERTIFICATE COURSE ON PUNJABI BHASHA ATE VYAKARN

1. Language Proficiency: The primary goal of a basic Punjabi course is to help students develop proficiency in the Punjabi language. By the end of the course, students should be able to understand and use basic Punjabi vocabulary, grammar, and pronunciation.
2. Communication Skills: Students will be able to engage in basic conversations in Punjabi. This includes introducing themselves, asking and answering simple questions, and expressing common thoughts and ideas.
3. Reading and Writing: Basic Punjabi courses often cover the Gurmukhi script, which is used to write Punjabi. Students may learn to read and write simple sentences, words, and phrases in Gurmukhi.
4. Improved Language Learning Skills: Studying Punjabi can also enhance a student's overall language learning skills. They may become better at grasping grammar rules, vocabulary acquisition, and pronunciation in other languages.
5. Career Opportunities: Depending on the student's career goals, a basic understanding of Punjabi can be an asset. It can open up job opportunities in fields such as translation, interpretation, international business, and even diplomacy, particularly in regions with Punjabi-speaking populations.
6. Cultural Exchange: Learning Punjabi can facilitate cultural exchange and foster connections with Punjabi-speaking communities, both locally and globally.
7. Personal Enrichment: Beyond practical benefits, learning Punjabi can be personally enriching. It can deepen one's appreciation for linguistic diversity and promote cross-cultural understanding.

Certificate course on Punjabi Bhasha Ate Vyakaran

1. Students have acquired a foundational vocabulary, which will enable you to discuss common topics and understand basic written and spoken Punjabi.
2. Students improved your pronunciation and developed an understanding of Punjabi accents and tones, which are crucial for effective communication.
3. Depending on the course, students have learned to read and write in the Gurmukhi script, which is the script used for writing Punjabi. This skill is important for further language development.
4. Students learned basic Punjabi grammar rules and sentence structures, enabling you to form coherent sentences and understand simple texts.
5. Many language courses also include cultural aspects, so students have gained some insights into Punjabi culture, customs, and traditions.

Report of Basic Certificate Course in Sanskrit

(संस्कृत संभाषण शिविर)

A 10 day Sanskrit sambhashan course in basic Sanskrit is designed to introduce students to the fundamentals of the language by the Department of Sanskrit during the winter vacations w.e.f 4 jan 2022 to 15 jan 2022 for the students . It has the duration of 30 hours spread over 10 days . This course is divided into 10 chapters. The course is designed with the overview of the Sanskrit language. The students are to be taught to read and write in the Devanagari script which is used for Sanskrit and several other Indian languages. This includes recognising the Sanskrit alphabet and understanding how to form syllables and words. It includes building a basic vocabulary of common words and phrases in Sanskrit. It includes greetings, numbers, family terms and every day objects. It's syllabus also have the fundamental grammatical concepts as nouns, verbs, adjectives in the sentence structures. The students will also learn about the three genders and how to use them correctly. Correct pronunciation is crucial in Sanskrit so they will be taught how to articulate Sanskrit sounds accurately as the progress. They will be guided in constructing simple sentences and engaging in basic conversations. The course also recommended them text books as the 10 days are usually not enough to achieve fluency.

Subject: Proposal for 30 hours certificate course on **"Health and Society"** for college students.

Respected Ma'am,

The department of sociology would like to propose the introduction of comprehensive 30 hours course on **""Health and Society"** for the students of the college.

Rationale:

Healthcare is one of the fastest growing sectors which mean that health courses have a good graduate employability rates because of its high demand. As people live longer, more and more people need care and support, so one can assure that there will always be a huge demand for the knowledge, skills and experience persons. Thus, besides being awared about inter relation of health and social health, such students can be able to join the role of medical social workers, also, they can join NGO's after graduation.

Course objectives:

The content of the course will enable the students:

1. To sensitize students to health related issues.
2. To understand the role of the State in health care in India.
3. To make aware the current issues in India.
4. To sensitize the importance of health and social order.
5. To aware them about their social responsibility in ensuring healthy enviornment for everyone.
6. To prepare them to act as a social messenger/volunteer in ensuring good social health.
7. To understand the social aspects of health and social ordering.

Course Structure:

The proposed course will spread over 6 weeks with 5 hour engaging and interactive sessions per week will be conducted by departmental staff. Additionally, guest speakers

will be invited to share the expertise and experiences on the subject. Various activities like seminars, workshops and FGD will also be conducted.

Assessment and certification:

Students will be evaluated through a combination of assignments, group discussions and activities. Successful completion of the course will earn participants a certificate of achievement and recognition.

We firmly believed that implementing this course will contribute to spread awareness among the students and help them to understand the importance of health especially among students who are the future of the nation. We kindly request your support and approval to initiate this course for the upcoming academic year.

Thank you for your time and consideration. We look forward to the opportunity to discuss this proposal in further details.

Yours sincerely

Subject: Proposal for 30 hours certificate course on **"Drug abuse and its Prevention"** for college students.

Respected Ma'am,

The Department of sociology would like to propose the introduction of comprehensive 30 hour course on **"Drug abuse and its Prevention"** for the students of the college.

Rationale:

Drug abuse is a world wide menace which is adversely affecting the Physical, Social and Economic well being of our country (Bharat). The objective is to enhance capacity building of students so as to make them responsible citizens and to ensure a drug free society. The areas include awareness generation, counseling, treatment and rehabilitation of dependents.

Course objectives:

1. To sensitize the students about symptoms, factors, consequences of drug abuse in society
2. To understand that the drug abuse and addiction are associated with long term impacts on individual, family and society.
3. To recognize that addiction is influenced by various factors viz. social, individual (genetic), psychological.
4. To add value in academics to promote professional ethics, human ethics and values; endorse life skills and awareness among drug abuse among students.
5. To create the volunteer who are well sensitize on drug addiction so that they can contribute in society in creating drug free society.
6. To help students to place themselves as counselors in hospitals, rehabilitation centers and NGOS dealing with drug abuse and rehabilitation issues.

Course Structure:

The proposed course will spread over 6 weeks with 5 hours engaging and interactive sessions per week will be conducted by departmental staff. Additionally, guest speakers will be invited to share the expertise and experiences on the subject. Various activities like seminars, workshops and FGD will also be conducted.

Assessment and certification:

Students will be evaluated through a combination of assignments, group discussions and activities. Successful completion of the course will earn participants a certificate of achievement and recognition.

We firmly believed that implementing this course will contribute to spread awareness among the students and help in eradicating this menace from the society. We kindly request your support and approval to initiate this course for the upcoming academic year.

Thank you for your time and consideration. We look forward to the opportunity to discuss this proposal in further details.

Yours sincerely

DEPARTMENT OF BIOTECHNOLOGY

REPORT ON CERTIFICATE COURSE ON ESSENTIALS OF BASIC MICROBIOLOGY

SESSION: 2022-23

The Principal

PSPS GCW Gandhinagar

Jammu

23.11.2022

Subject: Permission to start a short term Training Cum Certificate Course in Biotechnology.

Respected Mam,

With due respect I want to state that Department of Biotechnology is willing to start a Short Term Training cum Certificate Course of Duration 30 hours in Biotechnology to raise awareness among the students about the subject and its allied fields. We want to design a course where students shall be provided with Hands on training about various Biotechnological techniques and instrumentation.

I hope that you will understand our genuine concern for raising awareness about subject among students and this will further help students in preparing for entrance examinations for P.G. Courses.

Thanking you in anticipation

Yours Faithfully

Dr. Rahul Sh
Head
Department of Biotechnology
Govt. College for Women
Gandhi Nagar, Jammu
Head of Department (Biotechnology)

Date: 23-11-2022.

Minutes of Meeting

A meeting was held on 25-11-2022 in the chamber of Principal, Padma Shri Padma Sachdev Government College for Women Gandhi Nagar, Jammu to discuss the formalities involved in conducting a short term training program in Biotechnology. It was Unanimously decided that Microbiology is the fields relevant to all students of B. Sc Medical and in order to raise awareness about this subject among the students such programs can play important role.

After Thorough discussion it was decided that title of the program will be "Short-Term Training Cum Certificate Program on "**Essentials of Basic Microbiology**". The program shall be conducted by Department of Biotechnology. Dr. Rahul Sharma shall hold the responsibility of course coordinator of the Program. The material required for conducting the Hands on session will be born by Department of Biotechnology.

Further, It was decided that since the students of the college are to be registered for the training, no registration fee shall be charged.

Notice regarding the program shall be Pasted on all Notice boards of College. Moreover, the information regarding the same shall be provided to students through whatsapp groups of various science departments and by taking the help of students presidium.

Faculties from other institutes shall also be invited for delivering their expertise regarding the topic.

Practical sessions shall be conducted in the Biotechnology laboratory and hands on session shall be provided by the faculties from department of Biotechnology.

Each day two hours will be utilized for the session. One hour 03:00 PM to 04: 00 PM for lecture session and one hour 04:00PM to 5:00 PM for hands on session. Theory session shall be conducted in the Edu Sat Hub and Hands on Session in Biotechnology laboratory.

Meeting ended with vote of thanks to worthy Principal.

Following members attended the meeting

- Prof. Mala Bhasin (HOD Botany)
- Dr. Rahul Sharma, HOD Biotechnology)
- Dr. Ashok Kumar (HOD Biochemistry)

NOTICE

All the faculty members of the department including guest faculty and Non teaching staff are requested to attend meeting in the office of the undersigned at 3:00 P.M on 26/11/2022. Agenda of the meeting is to discuss about the start of "Short-Term Training Cum Certificate Program on "**Essentials of Basic Microbiology**".

Your valuable suggestions are really appreciated. Kindly make it convenient to attend.

Minutes of Meeting

A meeting of all the teaching and Non teaching members of the department was held on 28/11/2022 at 3:00 PM in the office of the Head of Department, Biotechnology. Agenda of the meeting was to discuss the modalities for the start of certificate course in the subject which is in demand after COVID 19 and students are interested to understand the basics of microbiology and scope of the subject. After discussion it was resolved that:

1. A 30 hours Short term Training cum certificate course in "**Essentials of Basic Microbiology**" will be started in the Department w.e.f. from 1st of December 2022 to 17th of December 2022 in Edusat hub/ Smart classroom/ Auditorium depending upon the enrollment and availibility of the venue.

2. The students will be informed through notice to get enrolled in the said course by 29th of November, 2022. Maximum seats for the course will be 100. Prof. Ashok Kumar will register the students. Faculty will approach department of Botany and Zoology for wide publicity of the course and maximum registration.

3. The syllabus shall be adopted from syllabus of relevant NPTEL Course and the method of evaluation will be multiple choice questions. Students obtaining 40% marks will be given certificate of completion.

4. Saturdays shall be kept as working days and the permission for the same shall be sought from worthy Principal.

5. Mr. Vinod Kumar and Mr. Manjeet Singh will be informed in advance about the lecture and the venue so that they may arrange all the set up for lecture and sitting plan of the students.

6. Dr. Rahul Sharma shall prepare the Syllabus for the course and arrange the resource persons.

The meeting was attended by the following faculty members:

1 Dr. Rahul Sharma
2 Dr. Ashok Kumar
3 Dr. Divya Bakshi
4. Mr. Vinod Kumar
5. Ms. Vaishno Devi
6. Mr. Manjeet Singh

NOTICE

All the students of this department are informed through this notice that the department is going to organize a "Short-Term Training Cum Certificate Program on **"Essentials of Basic Microbiology"** **from 1st of December, 2022 to 17th of December, 2022**. Interested students should give their names to Prof. Ashok Kumar by 30th of November, 2022.

Short-Term Training Program on Microbiology and Bioprocess Engineering

Course Title: Introduction to Microbiology

Syllabus:

Day 1: History of Microbiology — **Dr. Rahul Sharma** (Department of Biotechnology, GCW Gandhinagar)

- Introduction to the field of microbiology
- Milestones and key discoveries in microbiology history

Day 2: Importance of Microbiology — **Dr. Divya Bakshi** (Department of Biotechnology, GCW Gandhinagar)

- Understanding the significance of microbiology in various fields
- Applications and relevance of microbiology in today's world

Day 3: Scope of Microbiology — **Er. Ankush Varma** (Technology Business Incubator, IIIM)

- Diverse areas and specializations within microbiology
- Career opportunities and prospects in microbiology

Day 4: Members of Microbial World — **Dr. Yashpal Khajuria** (Department of Microbiology, SBT, Jammu University)

- Overview of different types of microorganisms (bacteria, viruses, fungi, etc.)
- Characteristics and classification of microorganisms

Day 5: Prokaryotic Cells — **Dr. Sunil Kumar**

- In-depth study of prokaryotic cell structure
- Functions of various cell components in prokaryotes

Day 6: Structures External to Cell Wall — **Dr. Ashok Kumar** (Department of Biochemistry, GCW Gandhinagar)

- Exploration of external structures like flagella, pili, and capsules
- Role of these structures in microbial behavior

Day 7: Microscopes I — **Dr. Rahul Sharma** (Department of Biotechnology, GCW Gandhinagar)

- Introduction to microscopy techniques
- Hands-on practice with light microscopes

Day 8: Microscopes II — **Dr. Ashok Kumar** (Department of Biochemistry, GCW Gandhinagar)

- Advanced microscopy techniques (electron microscopy, phase contrast, etc.)
- Practical applications of different microscopes

Day 9: Preparation of Specimen — **Dr. Divya Bakshi** (Department of Biotechnology, GCW Gandhinagar)

- Techniques for preparing microbial samples for microscopy
- Staining methods and their significance

Day 10: Microbial Nutrient Requirement and Nutrient Types — **Dr. Ankit Mahajan** (Department of Biochemistry, SBT, JU)

- Microbial nutrition and growth requirements
- Types of nutrients essential for microbial growth

Day 11: Nutrient Uptake by the Cell — **Dr. Swarn Singh** (Department of Botany, GCW Gandhinagar)

- Mechanisms of nutrient uptake by microorganisms
- Transport systems and metabolic processes

Day 12: Culture Media and Isolation of Pure Culture — **Dr. Rahul Sharma** (Department of Biotechnology, GCW Gandhinagar)

- Types of culture media and their preparation
- Techniques for obtaining pure microbial cultures

Day 13: Virus — **Dr. Divya Bakshi** (Department of Biotechnology, GCW Gandhinagar)

- Detailed study of viruses
- Structure, replication, and classification of viruses

Day 14: Microbial Pathogenicity and Diseases

Dr. Ashma Gupta
(Department of Botany, GCW Gandhinagar)

- Microbes as pathogens
- The role of microorganisms in causing diseases
- Disease prevention and control measures

Day 15: Discussion and Final Test

(Department of Biotechnology, GCW Gandhinagar)

- Review of the course content
- Final assessment to evaluate understanding

Short-Term Training Program on Essentials of Basic Microbiology

Learning Outcomes:

By the end of this course, students will:

1. Demonstrate knowledge of the history and significance of microbiology.
2. Identify and differentiate various microorganisms.
3. Describe the structure and function of prokaryotic cells.
4. Examine internal and external structures within prokaryotic cells.
5. Explore the diversity of microorganisms and their ecological roles.
6. Describe different microscopy techniques and their applications.
7. Understand advanced microscopy methods and specimen preparation.
8. Learn how to prepare microbial specimens for analysis.
9. Analyze microbial nutrient requirements and sources.
10. Explore how microorganisms acquire and utilize nutrients.
11. Understand culture techniques for studying microorganisms.
12. Comprehend the biology and significance of viruses.
13. Investigate the causes and consequences of microbial infections.

This syllabus provides a structured approach to learning about microbiology, covering key topics and building a strong foundation in the field

Report on the Short-Term Training Program on Essentials of Basic Microbiology

Dates: 1st December 2022 to 17th December 2022

Location: Padma Shri Padma Sachdev Government College for Women Gandhinagar

Participants: 100 registered students, 96 appeared for the final exam, all passed and received certificates.

The Short-Term Training Program on "Essentials of Basic Microbiology" was conducted with the primary objective of imparting foundational knowledge and practical skills in the field of microbiology. This comprehensive report provides an in-depth overview of the program's structure, activities, and outcomes. The program spanned over 15 days and featured a diverse range of topics delivered by experienced resource persons. Each day was dedicated to specific aspects of microbiology, ensuring a well-rounded understanding for the participants. The following sections highlight the key components of the program:

The Short-Term Training Program on "Essentials of Basic Microbiology" was structured to provide participants with a comprehensive understanding of microbiology, from its historical foundations to practical applications. The program featured expert faculty members who delivered engaging lectures and hands-on sessions, contributing significantly to the participants' learning experience.

Day 1-4: Building a Historical Foundation

Lecturer: Dr. Rahul Sharma (Department of Biotechnology, GCW Gandhinagar)

Dr. Rahul Sharma initiated the program with an enlightening introduction to the field of microbiology. His lecture provided a solid foundation for participants to understand the subject's scope and relevance. Additionally, he meticulously guided the attendees through the key milestones and pivotal discoveries in the history of microbiology.

Lecturer: Dr. Divya Bakshi (Department of Biotechnology, GCW Gandhinagar)

Dr. Divya Bakshi's engaging lecture delved into the significance of microbiology across various fields. She effectively conveyed the real-world applications of microbiology, highlighting its relevance in today's rapidly evolving world. Her insights into the practical applications of microbiology left participants with a profound appreciation for the subject.

Day 5-8: Understanding Microbial World

Lecturer: Er. Ankush Varma (Technology Business Incubator, IIIM)

Er. Ankush Varma enriched participants with a deep understanding of the diverse areas and specializations within microbiology. His session was instrumental in broadening participants' perspectives on the subject, showcasing the multitude of career opportunities and prospects available in microbiology.

Report on the Short-Term Training Program on Essentials of Basic Microbiology

Lecturer: Dr. Yashpal Khajuria (Department of Microbiology, SBT, Jammu University)

Dr. Yashpal Khajuria's lectures on the different types of microorganisms, their characteristics, and classifications were highly informative. His expertise from Jammu University added immense value to the program, ensuring participants gained a comprehensive grasp of microbial diversity.

Day 9-12: Exploring Microbial Structure

Lecturer: Dr. Sunil Kumar

Dr. Sunil Kumar's lectures delved into the intricacies of prokaryotic cell structure. His thorough exploration of various cell components and their functions in prokaryotes provided participants with a detailed understanding of microbial structures.

Lecturer: Dr. Ashok Kumar (Department of Biochemistry, GCW Gandhinagar)

Dr. Ashok Kumar's sessions on external structures like flagella, pili, and capsules were enlightening. He elucidated the pivotal roles these structures play in microbial behavior, enhancing participants' insights into the microbial world.

Day 13-14: Culture Techniques and Viral World

Lecturer: Dr. Rahul Sharma (Department of Biotechnology, GCW Gandhinagar)

Dr. Rahul Sharma's expertise in culture techniques and media preparation was evident in his lectures. He imparted invaluable knowledge about various culture media types and the techniques required for obtaining pure microbial cultures.

Lecturer: Dr. Divya Bakshi (Department of Biotechnology, GCW Gandhinagar)

Dr. Divya Bakshi continued to impress with her detailed study of viruses. Her insights into viral structure, replication, and classification enriched participants' understanding of this critical aspect of microbiology.

Day 15: Assessment and Conclusion

The final day of the program featured a culmination of knowledge and practical skills. Although the names of the lecturers for this day are not specified, it is important to acknowledge the contributions of all faculty members who played a role in introducing participants to microscopy techniques, hands-on practice with various microscopes, specimen preparation, staining methods, microbial nutrition, and growth requirements.

The Short-Term Training Program on "Essentials of Basic Microbiology" featured a meticulously designed program structure with expert faculty members delivering lectures and hands-on training. The comprehensive coverage of microbiological topics, ranging from historical foundations to advanced microscopy techniques, ensured that participants gained a thorough understanding of the

subject matter. The commitment and expertise of our esteemed faculty members greatly contributed to the success of this program, ultimately benefiting all participants.

Program Outcomes:

The Short-Term Training Program on "Essentials of Basic Microbiology" yielded several noteworthy outcomes:

1. **Comprehensive Knowledge:** Participants acquired a comprehensive understanding of microbiology, spanning historical context, significance, and practical aspects.
2. **Practical Skills:** Hands-on experience with microscopy, specimen preparation, and microbial culture techniques enhanced participants' practical skills.
3. **Career Perspective:** Insights into diverse career opportunities in microbiology broadened participants' career perspectives.
4. **Successful Completion:** All 96 participants who appeared for the final exam successfully passed and received certificates, showcasing their dedication and commitment.

The Short-Term Training Program on "Essentials of Basic Microbiology" successfully achieved its objectives of imparting knowledge, practical skills, and career insights in the field of microbiology. We extend our appreciation to the resource persons, faculty members, and participants for their dedication and active involvement in the program's success. We look forward to continuing to offer such educational opportunities to further enrich students' academic and professional journeys.

Minutes of Meeting

28.11.2022

A meeting was held in the HoD's room to discuss the organization of 30 hours Non-Grad Certificate Course on "Greener and Safer Techniques in Chemistry Laboratories" for B.Sc. Students. After threadbare discussion it was decided that

- A 30 hours Certificate Course will be organized w.e.f. 2.1.2023 to 11.1.2023
- Syllabus for this certificate course will remain the same with the course code CCC01.
- Faculty members will act as resource persons.
- Students of B.Sc. Semester 1st will be asked to give their names to Prof Malti and Prof Revika.
- Students will be given certificates after the completion of the said course.
- Evaluation will be done on the basis of day to day performance, assignment test based on multiple choice questions and viva-voce.
- There will be daily four classes from 9.30 a.m. to 2.00 p.m. of one-hour each with 30 minutes break from 11.30am -12.00 noon.

Meeting ended with the vote of thanks.

Syllabus for Certificate Course in Chemistry

Course Title " Safer and Greener Techniques in Chemistry Laboratories"

Course code CCC01

Duration Course 30 hours

Course Description This course is designed to provide students with the knowledge and skills to work safely and sustainably in chemistry laboratories.

Module 1: Introduction to Safer and Greener Chemistry

- Overview of safer and greener chemistry principles
- The importance of sustainability in laboratory

Module 2: Hazard identification and Risk Assessment

- Recognizing chemical hazards
- Conducting risk assessments
- Safety data sheets(SDS) and their importance

Module 3: Chemical Storage and Handling

- Proper chemical storage techniques
- Safe chemical handling procedures
- Compatibility and segregation of chemicals

Module 4: Lab Equipment and Personal Protective(PPE)

- Selection and use of lab equipment
- Types of PPE and their importance
- Emergency eyewash and shower procedures

Module 5: Waste Management

- Minimizing waste generation
- Recycling and disposal of chemical waste

GOVERNMENT COLLEGE FOR WOMEN
GANDHINAGAR,JAMMU

Module 6: Laboratory Accidents and Emergency Response

- Types of Lab accidents
- Emergency response procedures
- Fire safety and evacuation plans

Module 7: Sustainable Practices in Analytical Chemistry

- Green and analytical techniques
- Reduction of solvent and energy consumption

Module 8: Safer synthesis and Reactions

- Safer alternatives in chemical synthesis
- Reactivity hazards in chemical reactions

Assessment of the students will be done by conducting assignment test based on multiple choice questions and viva-voce on completion of the certificate course.

Students will be given certificates after the completion of the course.

Outcome of the Certificate Course in "Safer and Greener Techniques in Chemistry Laboratories"wef 2nd Jan-11th Jan,2023.

1. This certificate course aims to create more responsible and knowledegeable chemists in terms of safety and envirnomental concerns.
2. As there is no experimental work in syllabus of Semester I, so this certificate course will make the students aware of the various experimental techniques in chemistry laboratories .
3. When students perform practically, it leads to more interest in the subject.

Multiple choice questions M.Marks 50

Name SemesterRoll no (Mehak Sharma) (Ist) (22020130015)

1. Which of the following is a primary goal of safer and greener techniques in chemistry laboratories?
a) Reducing laboratory costs b)Minimizing environmental impact
c)Maximizing chemical waste production d) Accelerating chemical reactions

2. What is the term for the practice of designing chemicals that have reduced toxicity?
a) Toxicology b)Green chemistry c)Chemical synthesis d)Hazardous chemistry

3. Which type of solvent is considered more environmentally friendly in green chemistry?
a) Non-renewable solvents b)Volatile organic solvents c)Water based solvents
d)Toxic solvents

4. Which laboratory equipment is used to recover solvents and chemicals for reuse?
a) Incubator b)Distillation apparatus c)Microscope d)Bunsen burner

5. Which of the following is NOT a principle of green chemistry?
a) Atom economy b)Waste reduction c)Toxic material production d)Energy efficiency

6. What is the term for the minimization of waste generated during a chemical process?
a) Waste management b)Green synthesis c)Waste reduction d)Toxic waste

7. Which of the following is an example of a renewable feedstock in green chemistry/
a) Fossil fuels b)Petroleum c)Cornstarch d)Plastic

8. What is the primary benefit of using catalysis in green chemistry?
a) Increasing reaction time b)Reducing the need for energy c)Generating more waste
d)Creating toxic byproducts

9. Which type of chemical reactions are often employed to reduce the environment impact in green chemistry?
a) Exothermic reactions b)Endothermic reactions c)Combustion reaction
d)Electrochemical reactions

10. What does the term "E-factor" represents in green chemistry?
a) Energy efficiency b)Environmental impact factor c)Efficiency factor
d)Economic factor

81)

11. Which organisation promotes and supports green chemistry principles?
a) EPA b)FDA c)CDC d)NASA

12. Which of the following is an example of a green solvent?
a) Acetone b)Hexane c)Dimethyl sulphoxide d)Water

13. What is the term for designing products to be easily disassembed and recycled?
a) Gren design b)Product life cycle c)Cradle-to-grave d)Design for recycling

14. Which of the following is NOT a benefit of using greener techniques in chemistry laboratories?
a) Lower costs b)Reduced environmental impact c)Faster reactions d)Improved safety for lab personnel

15. What is the primary goal of designing safer chemical processes in green chemistry?
a) To increase waste production b)To reduce the risk of accidents c)To maximize chemical yield d)Faster reactions

16. Which of the following is a key principle of green chemistry related to energy efficiency?
a) Use as much energy as possible b) Maximize energy waste c) Minimize energy consumption d) Ignore energy consideration

17. Which of the following materials is commonly used as a green alternative to plastic in labware?
a) Polyethylene b) Glass c) Styafoam d) PVC

18. What does the term "benign by design" mean in the context of green chemistry?
a) Designing chemicals to be toxic b) Designing chemicals with reduced toxicity
c) Designing chemicals for military applications d) Designing chemicals for cosmetics

19. Which of the following is an example of a green analytical technique?
a) Gas chromatography-mass spectroscopy b) Incineration c) Disposal in a landfill
d) Titration

20. In green chemistry, what is the primary focus when selecting reaction conditions?
a) Maximizing waste production b) Minimizing energy efficiency c) Maximizing safety d) Minimizing environmental impact

21. What is the term for the practice of using microreactors to conduct chemical reactions with small quantities of materials?
a) Macrochemistry b) Miniaturization c) Nanotechnology d) Microchemistry

22. Which of the following is NOT a characteristic of a green chemical process?
a) High economy b) Minimal use of renewable resources c) Minimal generation of hazardous waste d) Low energy requirements

23. What is the primary advantage of using supercritical CO_2 as a green solvent?
a) It is highly toxic b) It is not recyclable c) It is non-flammable d) It is expensive

24. Which of the following statements is true about 12 Principles of Green chemistry?
a) They are guidelines for maximizing waste b) They were developed to promote hazardous chemical reactions c) They provide a framework d) They are primarily focused on reducing product yield

25. What role does education play in promoting safer and greener techniques in chemistry laboratories?
a) It has no impact on laboratory practice b) It is essential for raising awareness and promoting best practice c) It is only relevant for researchers, not for students d) It increases laboratory costs

Report of Certificate Course in Python Programming

Department of Computer Applications Padma Shri Padma Sachdev Govt. College for Women Gandhi Nagar Jammu organized a certificate Course in Python Programming during the winter vacations from 1st of January to 10th of January, 2023 for the students. The Certificate Course in Python Programming, with duration of 60 hours, aimed to provide participants with a comprehensive understanding of Python programming, from fundamentals to advanced concepts. The course encompassed various activities to ensure effective learning and practical application of Python in real-world scenarios. The course was divided into five chapters of 12 hours, each focusing on specific aspects of Python programming. Throughout the course, various activities and assignments were assigned to participants to reinforce their understanding and provide hands-on experience. Regular feedback sessions were conducted to address participants' queries and concerns. Additionally, continuous evaluation and constructive feedback were provided on assignments and projects to track progress and improvement. The Certificate Course in Python Programming, spanning 60 hours, provided participants with a solid foundation in Python programming. Through a well-structured curriculum, practical activities, and assessments, participants gained valuable skills and knowledge in Python, setting them on a path to success in their programming careers.

Outcome of Certificate Course in Python Programming

The Certificate Course in Python Programming, organized by the Department of Computer Applications Padma Shri Padma Sachdev Govt. College for Women Gandhi Nagar, Jammu, during the winter vacations from January 1st to January 10th, 2023, yielded several positive outcomes for the participating students:

- **Comprehensive Python Proficiency:** Participants gained a thorough understanding of Python programming, covering both fundamental and advanced concepts. This knowledge equipped them with the skills necessary to work with Python effectively.
- **Real-World Application:** The course structure emphasized practical application in real world scenarios. Students could apply their Python skills to solve practical problems, making them job-ready in various industries.
- **Structured Learning:** The division of the course into five chapters, each focusing on specific aspects of Python programming, ensured that participants received a well-structured and organized education.
- **Solid Foundation:** The course's curriculum, designed to span 60 hours, provided students with a strong foundation in Python programming. This foundation is crucial for those looking to pursue further studies or careers in programming and software development.

Sub: Requesting permission to organize a 30-hour duration course on Personality Development.

Respected Ma'am,

It is to bring to your kind notice that the Department of English wants to start a course on Personality Development for the students of the College. The programme will be of 30- hours duration spanning two weeks. The course will be aimed at developing life skills such as time-management, motivation, critical thinking, communication skills, influencing abilities, managing skills, problem solving, creative thinking, social skills, etc. Our college undoubtedly provides best academic education to our students and this course will provide them the confidence to face challenges in real life situations. These skills will equip them for the life after the College.

The course will be organized in the months of October and February every year and will be conducted by the faculty members of the Department. Each batch will comprise of 50 students of the Department from Semesters I and II, who will be evaluated at the end of the course and students will be provided certificates after the successful completion of the course. The syllabus of the course will be designed by the Department of English and will be duly approved by the competent authority.

Kindly grant the permission to the Department of English to organize this course. I will be highly obliged.

Thanking You

MINUTES OF MEETING

AGENDA: COMMUNICATION SKILLS COURSE PLANNING

Date: 21/12/22

DEPARTMENT OF ENGLISH

Venue: English Department

The English Faculty discussed the need for a Communication English Skills course at the college. It was acknowledged that improving English language skills is crucial for the students' overall development and future prospects.

1. After deliberation, it was decided to conduct multiple sessions of the course for a week in the winter break.
2. Each day, the course will run for 5 hours, allowing for comprehensive coverage of various aspects of English communication.
3. The tentative start date for the course is January 2, and the end date is January 10.
4. The course would be open for all the students in the college and in total 100 students would be admitted to the course on a first come first basis. The members created a detailed course outline and curriculum for the course.
5. It was agreed that the evaluation method for the course would be through viva. This means each of the 100 participating students will have an oral examination as part of their assessment. It was agreed that further details, including the course schedule, specific evaluation criteria for the viva, and any additional requirements, would be finalized and communicated to the students before the course begins.

6. Logistics for the course were discussed like classroom allocation and scheduling for the 5-hour daily sessions.

The meeting concluded with a consensus on the importance of effective communication skills and the commitment to ensuring the success of the course.

English Skills Course Outcomes

Activity outcome of 30 hours Communication English Skills course

The outcome of a 30-hour Communication English Skills course can vary depending on the specific content and objectives of the course, as well as the starting proficiency of the participants. However, here are some potential outcomes:

Improved Communication: Participants should have a better grasp of English language skills, including speaking, listening, reading, and writing. They should be able to communicate more effectively in everyday situations.

Increased Confidence: With practice and guidance, participants may gain confidence in their ability to communicate in English, which can be especially valuable in professional and social settings.

Vocabulary Expansion: The course may have introduced new vocabulary and phrases, enhancing participants' ability to express themselves more precisely.

Better Pronunciation: Participants might have improved their pronunciation and accent, making their English speech clearer and more easily understood.

Enhanced Listening Skills: The course likely included listening exercises to help participants understand different accents and spoken English more proficiently.

Writing Skills: Depending on the course content, participants may have developed better writing skills, including composing emails, reports, or other written documents.

Cultural Understanding: A communication skills course may also have provided insights into English-speaking cultures, helping participants understand the nuances of communication in different contexts.

Job and Academic Opportunities: Improved English communication skills can open up new job prospects and academic opportunities, especially for non-native English speakers.

Networking: Participants may have developed better networking skills, making it easier for them to connect with others in English-speaking environments.

Overall, the specific outcomes will depend on the course's curriculum, the effort put in by participants, and their starting level of English proficiency. It's essential to check the course objectives and outcomes provided by the course provider for a more precise understanding of what to expect.

Activity Report

The Communication Skills Course was conducted over one week, with daily sessions lasting for 5 hours each.

The primary objective of the course was to enhance participants' English communication skills, including speaking, listening, reading, and writing.

Activities and Highlights:

Daily Sessions: Each day, the course covered specific aspects of communication, including vocabulary development, pronunciation practice, and grammar.

Interactive Exercises: Participants engaged in various interactive exercises such as group discussions, role plays, and debates to practice real life communication scenarios.

Listening and Comprehension: Listening comprehension activities involved listening to English audio clips, podcasts, and TED Talks, followed by discussions to improve listening skills.

Writing Practice: Participants were given writing assignments to enhance their written communication abilities. Feedback was provided to help improve their writing skills.

Viva Evaluation: The course assessment was conducted through viva interviews. Students were individually assessed on their speaking and communication skills, vocabulary usage, and fluency.

Certificates: Certificates of completion were awarded to all participants who successfully completed the course.

Participant Progress:

Throughout the course, participants demonstrated noticeable improvements in their English communication skills.

The viva evaluation provided valuable insights into each student's proficiency and areas for improvement.

Feedback:

Overall, participants expressed satisfaction with the course content and the teaching methods employed.

Constructive feedback from participants will be used to enhance future iterations of the course.

Conclusion:

The 30-hour Communication Skills Course conducted over one week by English faculty successfully improved participants' English communication abilities. The viva evaluation method provided a comprehensive assessment of their skills, and certificates were awarded to recognize their achievements.

DEPARTMENT OF GEOGRAPHY

REPORT ON CERTIFICATE COURSE ON WORLD GEOGRAPHY

SESSION: 2022-23

The Principal

Subject: Proposal for a 30- hour Certificate Course on World Geography for 5th Semester Geography Students from 2nd January 2023 to 12 January 2023.

We are writing you on behalf of the Department of Geography to propose a 10-day Certificate Course on World Geography for the 5th-semester students majoring in Geography at Geography Department. The primary objective of this proposed certificate course is to provide our 5th-semester Geography students with a comprehensive understanding of world geography, focusing on key regions, physical features, cultural aspects, and contemporary geopolitical issues. We believe that this course will not only enhance the academic knowledge of our students but also equip them with the skills and knowledge necessary to become informed global citizens.

Objectives:

It encourages students to grasp the fundamental concept of latitude and longitude as the coordinate system used to pinpoint locations on the Earth's surface.

Students will be able to learn how to use latitude and longitude coordinates to accurately locate positions anywhere on Earth.

World physiographic studies aims to categorize, describe, and analyze the diverse surface features of the Earth, such as mountains, plateaus, plains, valleys, deserts, and oceans.

It involves visual representations of Earth's physical features to provide a clear and comprehensive view of its landforms.

Identification of Geological Processes: The study helps identify and explain the geological processes that have shaped and continue to modify the Earth's surface, including tectonic plate movements, erosion, weathering, and volcanic activity.

By understanding the physiography of different regions, it becomes possible to analyze the distribution of resources, trade pattern and economic development, aiding in the understanding of global economic systems.

To enables the students to comprehend the spatial distribution of natural and human phenomena on Earth, and how they interact with each other.

Minutes of Meeting

A meeting of the Faculty Members of the Department was held on 1st December, 2022 with Kamlesh Salathia, the Head of the Department, in the HOD Office, at 11 a.m.

Attendees: Teaching Faculty of Geography Department.

Agenda: Certificate Course on World Geography

Minutes of the Meeting

Attendees discussed the proposal to initiate a 30-hour Certificate Course on World Geography for the 5th semester students of Geography Core, during the upcoming winter vacation in the month of January.

The consensus was that such a course would benefit 5th-semester students (final year) majoring in Geography by enhancing their knowledge and skills in World Geography.

It was decided that the course would run from 2nd January, 2023 to12th January, 2023 with classes scheduled from 10:00 AM to 1:00 PM.

It was decided that each faculty member would be responsible for teaching one session of 1 hour each day during the course.

It was decided that faculty members will prepare a list of students interested in participating in the course.

The HOD will coordinate and finalize the schedule, ensuring that the course content is evenly distributed among faculty members.

Faculty members agreed to collaborate and share their expertise to ensure a comprehensive and engaging learning experience for the students.

The meeting concluded with the understanding that the schedule for faculty members' sessions would be shared once finalized.

Course outcome of the Syllabus for Certificate Course in Hindi

हिंदी विभाग

राजकीय महिला महाविद्यालय, गांधी नगर, जम्मू

कोर्स का विषय: हिंदी संरचना और भाषा विज्ञान अवधि: 30 घंटे

एक सप्ताह का कोर्स (27 दिसंबर 2021 से 1 जनवरी 2022)

(सत्र 2021-22)

अध्ययन केंद्र : आर्टस ब्लाक, महाविद्यालय परिसर , 10.00 बजे से 3 बजे अपराह्न तक

पाठ्यक्रम की अवधारणा एवं उद्देश्य :

हिंदी विभाग उपस्नातक विद्यार्थियों के लिए 27 दिसंबर 2021 से 1 जनवरी 2022 तक एक सप्ताह की अवधि के प्रमाणपत्र कोर्स का आयोजन करने जा रहा है। यह अपने में एक नवीनतम पाठ्यक्रम है जो सामान्य उपस्नातक के अन्य पाठ्यक्रमों से भिन्न है। इस कोर्स के माध्यम से विद्यार्थी हिंदी के ध्वनि विज्ञान, शैली विज्ञान तथा कोश विज्ञान के व्यवहारिक एवं सैद्धांतिक ज्ञान से परिचित हो सकेंगे। पाठ्यक्रम सामग्री तथा इससे संबंधित उद्देश्यों की पूर्ति का सारांश निम्न प्रस्तुत किया जा रहा है :

पाठ्यक्रम सामग्री

भाषा विज्ञान अपने आप में एक व्यापक एवं विस्तृत विषय है। हमने अध्ययन की अवधि को ध्यान में रखते बारीकी से विषयों का चयन किया है। यह पाठ्यक्रम भाषा विज्ञान के एक उपविषय ध्वनि संरचना से प्रारम्भ होगा, जिसके अंतर्गत विद्यार्थियों को हिंदी वर्णमाला की ध्वनियों का वर्गीकरण पढ़ाया जाएगा।

दूसरे उपविषय में शैली विज्ञान के स्वरूप, क्षेत्र और विकास की व्यवहारिक जानकारी देते हुए उसके सैद्धांतिक पक्ष की विवेचना के बारे में भी समझाया जाएगा। शैली विज्ञान साहित्य का भाषा परक अध्ययन है। यह साहित्य को समझने- समझाने का अध्ययन है।

पाठ्यक्रम के तीसरे उपविषय में अनप्रयुक्त भाषा विज्ञान के रूप में कोश विज्ञान के स्वरूप, प्रक्रिया एवं इसके निर्माण की प्रक्रिया के बारे में अध्ययन कराया जाएगा।

पाठ्यक्रम परिणाम

इस कोर्स के अध्ययन के परिणामस्वरूप प्रतिभागी भाषाविज्ञान से संबंधित ध्वनि विज्ञान, शैलीविज्ञान तथा कोश विज्ञान के व्यवहारिक एवं सैद्धांतिक पक्ष की बारीकियों का ज्ञान प्राप्त करेंगे।

PASSION TO PROFIT - FABRIC EMBELLISHMENT ENTREPRENEURSHIP COURSE

The "Passion to Profit: Fabric Embellishment Entrepreneurship " course held from 31st May 2023 to 7th June 2023 at department of Home Science. This course provided participants with a unique opportunity to unlock the potential of fabric embellishment and explore entrepreneurship in this creative field. This report summarizes the key highlights and outcomes of the course.

No. of students: 120

Course Highlights:

1. Skill Development. The course focused on various fabric embellishment techniques, including tie and dye, block printing, fabric painting, batik, stencil, and more. Participants had the opportunity to learn these techniques from expert instructor Mr. Pankaj Kapoor, from Mahit Fine Art school of Fine Art and Fashion, who guided them through the step-by-step processes. The hands-on nature of the course allowed participants to practice and refine their skills in these art forms.
2. Business Strategies: Understanding the business side of fabric embellishment was a crucial aspect of the course. Participants were introduced to essential entrepreneurial strategies, including market research, product pricing, branding, and marketing. By combining their artistic talents with practical business knowledge, participants learned how to position their creations in the market and attract customers.
3. Selling Channels: Exploring different avenues for selling fabric embellished products was a key focus of the course. Participants learned about the potential of online platforms, such as e-commerce websites and social media, as well as the opportunities available at local markets and in boutiques.

Outcomes and Benefits:

1. Enhanced Artistic Skills: Participants developed a deeper understanding of various fabric embellishment techniques and honed their artistic skills. The hands-on practice and guidance from experts allowed participants to create unique and visually appealing fabric designs using tie and dye, block printing, fabric painting, batik, stencil, and more.
2. Entrepreneurial Mindset: The course cultivated an entrepreneurial mindset among participants. They learned to identify business opportunities, think creatively, and adapt their artistic skills to meet market demands. Participants left the course with the motivation and confidence to pursue their passion for fabric embellishment as a profitable business endeavour.
3. Market Access: By exploring various selling channels, participants gained insights into the different opportunities available to them. They learned how to leverage online platforms, local markets, and boutique collaborations to showcase and sell their fabric

Minutes of Meeting

No /WGG/2022/12747
Dt - 11/11/2022

A meeting of all the faculty members of the Department was held on 10-11-2022 at 11:00 a.m. in the Department of Mathematics. Agenda of the meeting was to discuss the modalities for the start of Certificate Course in Mathematics.

1. A 30 hour certificate course in De Moivre's Theorem will be started during the winter holidays i.e. from 01-01-2023 to 10-01-2023.

2. The students will be informed to enroll for the said course by 24-12-2022. Maximum seats for the course will be 100. Dr. Nidhi Suri (Assistant Professor)will register the students.

3. The syllabus was also finalized and it was decided that the mode of evaluation will be Viva-Voce. Students with 40% or more marks will be given certificate of completion.

The meeting ended with vote of thanks to chair. The following faculty members attended the meeting.

1. Dr. Renu Anand

2. Dr. Anshu Sharma

3. Dr. Nidhi Suri

The minutes were put before the worthy Principal for final approval.

Syllabus of certificate course

Title : De Moivre's Theorem

Course Outcomes

In the field of Complex Numbers, De Moivre's Theorem is one of the most important and useful theorems which connects complex numbers and trigonometry. Students will be able to find the roots of complex numbers, relationship between powers of trigonometric functions and trigonometric angles and solve various problems of complex numbers

Unit –I

Introduction of Complex Numbers

Polar Representation of Complex Numbers

De-Moivre's Theorem

Unit -II

Application of De-Moivre's

Theorem to find primitive nth roots of unity

Sum of nth powers of roots

Unit -III

Expansion of $\sin^n\theta$ $\cos^n\theta$ $\cos n\theta$ $\sin n\theta$.

Exponential and Logarithmic functions of Complex variable

Circular, inverse circular and hyperbolic functions of Complex variable

Unit -IV

Solution of equation using De-Moivre's Theorem

Summation of series

Gregory series

Course Evaluation

After the completion of course , students have to appear in an examination (Viva-voce) . Students have to obtain minimum of 40% of marks to pass the examination(Viva-voce).

Activity Report

Course Name: De Moivre's Theorem

Duration: 01-01-2023 to 10-01-2023

The De Moivre's Theorem certificate course was conducted from 01-01-2023 to 10-01-2023.The course aimed to provide participants with essential knowledge and skills in De Moivre's Theorem.

Participants acquired the concept of De Moivre's Theorem and its applications in Complex Analysis. They also gained knowledge on how to solve various problems using the Theorem.

Viva-Voce exam covering all course material was conducted at the end of the course .

All the participants successfully completed the course and received certificates of completion.

Overall, participants found the course content and delivery satisfactory.

The certificate course successfully provided participants with a solid foundation in De Moivre's Theorem.

We appreciate the dedication and hard work of all participants and look forward to their continued success in their respective fields.

Report of certificate course in Music Theory Fundamentals

Department of Music Padma Shri Padma Sachdev Govt. College for Women Gandhi Nagar Jammu organized online certificate course in Music Theory Fundamentals during the winter vacation from 2nd of January to 7th of January, 2023 for the students. The Certificate Course in Music Theory Fundamentals with a duration of 30 hours, was designed to introduce students to the foundational concepts and principles of Indian classical music. Students were introduced to recognize and differentiate between the shudh swaras, komal swaras & Vikrit Swaras. Basic knowledge of laya (tempo) variations in basic talas was provided to students. Students were also made familiar with swaras of ten Thaats of Indian Music and they were able to write them in bhatkhandey swarlipi paditi. The course encouraged active student participation through their positive response & raising doubts. The faculty's open-door policy and willingness to address doubts and concerns greatly contributed to a positive learning environment. The Certificate Course in Music Theory Fundamentals concluded successfully, equipping participants with a strong foundation in music theory.

Subject: Proposal for a 30-hour Certificate Course in Music Theory Fundamentals in the subject of Music.

Dear Madam,

I am writing to propose the initiation of a 30-hour certificate course in the subject of music,within our esteemed Music Department.This initiative aims to meet the growing demand for structured and comprehensive music theory education among students. This course will be organized by the Department of Music and is scheduled to take place from January 2nd, 2023, to January 7th, 2023

Background and Rationale:

Music theory is the foundational knowledge that empowers musicians to comprehend, analyze, and create music effectively. While our department offers various specialized music programs for students of Music department, we have identified a need for a dedicated course that provides a strong foundation in music theory fundamentals for students of other discipline interested in basic knowledge of music This innovative program will cater to aspiring musicians and music enthusiasts by offering them a comprehensive foundation in music theory, enabling them to develop their musical skills and knowledge.

Course Overview:

- **Course Title:** Certificate Course in Music Theory Fundamentals.
- **Duration:** 30 hours
- **Dates:** January 2nd, 2023, to January 7th, 2023
- **Location:** Department of Music
- **Target Audience:** Students of 5th semesters of any stream.

1.Understand the fundamental concepts of music theory, including swaras,thaats & taals.

2.Develop the ability to read and write music scores effectively.

3.Analyze and interpret musical compositions with a deeper insight.

4.Apply music theory principles to various instruments and genres.

5.Prepare for advanced music studies or careers in music education and performance.

Course Highlights:

- Lectures by experienced faculty members from the Department ofMusic.
- Enhanced Knowledge of swaras & talas with practical exercises.
- Practice of basic rhythm patterns in different Taals .
- Group discussions.

122 399

- Ability to read & write notation in Bhatkhandey Swarlipi paditi.
- Certification upon successful completion of the course.
- Opportunities for career advancement in the field of Music.

We believe that this 30-hour certificate course in Music Theory Fundamentals will provide valuable knowledge and skills to participants, contributing to their personal and professional growth. We kindly request your support and approval to proceed with the planning and organization of this course.

We look forward to discussing this proposal in detail and welcome any feedback or suggestions to make this course a success.

Yours faithfully

Module 1 : Electronics & Electrical Components Identification

Resistors, Capacitors, Batteries, Switches, Diodes ,Transistors and Multimeters

Module 2 : Uses of Electronics components for basics Electronic devices

Use of resistors and capacitors in a circuit, charging and discharging of capacitors, Uses of transistors transistor connections, Uses of diodes, filter circuits.

Module 3 : Cathode Ray Oscilloscope operations

Identification of CRO knobs, Block diagram of CRO, Testing of CRO and PROBES, Measurements using CRO, Familiarization of Function Generators, Operation of Function Generator

Module 4 : Skill Development

Soldering of electronic components – full wave & bridge rectifiers – powerpack – Repairing of LED bulbs

PRACTICAL

1. Measurement of Resistance, Capacitance, Frequency, Current and Voltage (ac and dc) using Digital and Analog multimeters.
2. Testing transistor by using multimeters(Analog and Digital).
3. Testing p-n junction by using multimeters(Analog and Digital).
4. To obtain various forms for ac signals by varying frequencies.
5. Measurement of voltages on CRO.

Minutes of meeting

Date and Time: 23/12/2022 at 3 PM
Venue: Department of Physics
Chairperson: Principal
Members Present:

- Prof. B.D. Sehgal (HOD)
- Prof.Prabhjeet Kour
- Prof. Renu Rajput
- Prof. Rawan Kumar
- Prof. Rajinder Kumar

Agenda of the Meeting:
Planning and Execution of Ten days Certificate course in Physics from 01-01-2023 to 10-01-2023

Resolution: It is unanimously resolved that the Department of Physics Govt. College for Women, Gandhi Nagar Jammu will organize a Ten-day certificate course in physics on the topic **FUNDAMENTALS OF ELECTRICAL AND ELECTRONIC COMPONENTS: THEORY & PRACTICAL**. The Resource Person for the course will be the faculty of the department viz

- Prof. B.D. Sehgal (HOD)
- Prof.Prabhjeet Kour
- Prof. Renu Rajput
- Prof. Rawan Kumar
- Prof. Rajinder Kumar

The meeting ended with a formal vote of thanks to the Chair.
Submitted to the Worthy Principal for approval.

Notice

All the students of semester 5th are hereby informed that the Department of Physics is going to organize a certificate course in physics entitled **FUNDAMENTALS OF ELECTRICAL AND ELECTRONIC COMPONENTS: THEORY & PRACTICAL**. Students willing to join the course register their names with the teachers in-charge.

COURSE OUTCOMES:

1. Upon completing this course, Students will acquire a comprehensive understanding of electronics and electrical components.
2. They will confidently identify and differentiate between resistors, capacitors, batteries ,switches, diodes, transistors and multimeters.
3. Students will gain practical insights into the application of these components in basic electronics devices, including circuit design involving resistors and capacitors , charging and discharging of capacitors, transistors configurations diode functionality and filter circuits.
4. The course will also equip students with the ability to operate a Cathode Ray Oscilloscope (CRO) effectively, encompassing the identification of CRO controls, understanding CRO block diagrams, conducting CRO and probe tests, and conducting measurements using the CRO.
5. Additionally, they will become familiar with Function Generators and proficiently operate them. In the realm of practical skills, students will develop proficiency in soldering electronic components, constructing full wave and bridge rectifiers, assembling power packs, and repairing LED bulbs.
6. Moreover, they will master essential measurement techniques, including resistance, capacitance, frequency, current, and voltage measurements using both digital and analog multimeters, as well as transistor and P-N junction testing.
7. Lastly, students will be able to generate various AC signal forms by varying frequencies and accurately measure voltages using a CRO.
8. This course provides a solid foundation for future pursuits in electronics and electrical engineering.

Attempt all question

1. What is the primary function of a resistor in an electronic circuit?
   - [ ] a) Voltage amplification
   - [x] b) Current control
   - [ ] c) Signal modulation
   - [ ] d) Data storage

2. Which electronic component stores electrical charge?
   - [ ] a) Resistor
   - [x] b) Capacitor
   - [ ] c) Battery
   - [ ] d) Diode

3. Which component is commonly used to interrupt or complete an electrical circuit?
   - [ ] a) Battery
   - [ ] b) Capacitor
   - [x] c) Switch
   - [ ] d) Transistor

4. What type of electronic component allows current to flow in only one direction?
   - [ ] a) Capacitor
   - [ ] b) Battery
   - [ ] c) Switch
   - [x] d) Diode

5. In which module would you most likely learn about transistor connections?
   - [x] a) Module 1
   - [ ] b) Module 2
   - [ ] c) Module 3
   - [ ] d) Module 4

6. What is the primary purpose of a filter circuit in electronics?
   - [x] a) To amplify signals
   - [ ] b) To remove unwanted frequencies
   - [ ] c) To store electrical energy
   - [ ] d) To switch components on and off

7. How do capacitors behave when charging and discharging?
   - [x] a) Charge quickly, discharge slowly
   - [ ] b) Charge slowly, discharge quickly
   - [ ] c) Charge and discharge at the same rate
   - [ ] d) They do not charge or discharge

8. Which electronic component is commonly used to control the flow of current in an amplification circuit?
   - [ ] a) Resistor
   - [ ] b) Capacitor
   - [x] c) Transistor
   - [ ] d) Battery

9. What is the primary function of a diode in a circuit?
   - [ ] a) Amplify signals
   - [ ] b) Store energy
   - [x] c) Control current flow
   - [ ] d) Emit light

10. How are resistors and capacitors commonly used together in electronic circuits?
    - [ ] a) To store energy
    - [x] b) To amplify signals
    - [ ] c) To create time delays
    - [ ] d) To control current flow

11. Which module covers the identification of CRO knobs and the block diagram of a CRO?
    - [ ] a) Module 1
    - [ ] b) Module 2
    - [x] c) Module 3
    - [ ] d) Module 4

12. What is the primary purpose of a cathode ray oscilloscope (CRO)?
    - [x] a) To measure voltage
    - [ ] b) To generate sound waves
    - [ ] c) To store data
    - [ ] d) To control current flow

13. What is the function of a function generator in electronics?
    - [x] a) To display waveforms on a screen
    - [ ] b) To generate varying voltage signals
    - [ ] c) To measure resistance
    - [ ] d) To store digital data

14. How are probes used with a CRO?
    - [ ] a) To solder components

- [ ] b) To measure resistance
- [x] b) To display waveforms on a screen
- [ ] d) To connect to electronic circuits for measurement

15. Which module would teach you about measurements using a CRO?
- [ ] a) Module 1
- [ ] b) Module 2
- [x] c) Module 3
- [ ] d) Module 4

16. What is the primary purpose of soldering electronic components?
- [ ] a) To generate electricity
- [ ] b) To control current flow
- [x] c) To create a strong electrical connection
- [ ] d) To amplify signals

17. Which type of rectifier converts alternating current (AC) to direct current (DC)?
- [ ] a) Full wave rectifier
- [x] b) Bridge rectifier
- [ ] c) Transistor
- [ ] d) Capacitor

18. What is the main task of a power pack in electronics?
- [ ] a) To store energy
- [ ] b) To amplify signals
- [x] c) To regulate voltage
- [ ] d) To switch components on and off

19. In which module would you most likely learn about repairing LED bulbs?
- [ ] a) Module 1
- [ ] b) Module 2
- [ ] c) Module 3
- [x] d) Module 4

20. How many modules are focused on theory and concepts, excluding the skill development module?
- [x] 1
- [ ] 2
- [ ] 3
- [ ] 4

21. What is the primary function of a diode in an electronic circuit?
- [ ] a. To store electrical energy
- [ ] b. To amplify signals
- [x] c. To control the flow of current in one direction
- [ ] d. To measure voltage

22. Which electronic component is commonly used to store and release electrical energy in a circuit?
- [x] a. Battery
- [ ] b. Resistor
- [ ] c. Transistor
- [ ] d. Switch

23. A multimeter is primarily used for:
- [ ] a. Charging capacitors
- [x] b. Measuring electrical voltage, current, and resistance
- [ ] c. Controlling the flow of current
- [ ] d. Amplifying signals

24. In an electronic circuit, what is the role of a resistor?
- [ ] a. To store electrical energy
- [ ] b. To amplify signals
- [ ] c. To control the flow of current
- [x] d. To generate light

25. When a capacitor is charged and then discharged in a circuit, what type of process is this?
- [ ] Charging process
- [ ] discharging
- [ ] both charging & discharging
- [x] none of the above

MINUTES OF MEETING

Meeting Date: 4th May 2023
Meeting Time: 03:30 pm.
Location: Department of Political Science.

MEETING PARTICIPANTS :
-Dr Pooja Charak , Head of Department.
-Prof Paramjeet Singh, Course Coordinator.
-Dr. Harmeet Singh, Event Coordinator.

AGENDA : Conducting "Human Rights" Certificate Course

DISCUSSIONS

1. The purpose of the meeting was to discuss the organisation of a week-long 30 hours certificate course titled "Human Rights " scheduled from 5th of June to 10 of June to be organised by the Department of Political Science.

2. The course is aimed at creating awareness and sensitising participants about Human Rights. It will host a total of 100 participants.

3. The course coordinator presented the proposed schedule, including topics, sessions, and activities for each day. The sessions will cover comprehensive understanding of Human Rights principles, their significance, and their global implications. Through a combination of lectures, discussions, case studies, and interactive activities, participants will gain knowledge about the evolution, current state, and future trends of human rights in the global context.

4. The event coordinator shared plans for logistical arrangements, including venue booking, catering, and technical requirements for presentations and workshops.

5. The marketing and promotion team discussed strategies to attract participants, including social media campaigns, email newsletters, and collaborations with relevant organizations.

6. Resource planning was discussed, including the division of Lectures to be conducted by Department Teachers , course materials, and resources for interactive activities.

DECISIONS MADE :

1 It was agreed that the dates for the "Human Rights " certificate course will be confirmed from 6th of June to 11th of June which will be a 30 hours course.

2- It was agreed that classes will be held from 09:00 am to 03:00 pm daily.

2. It was agreed that the course coordinator will finalise the course curriculum and share it with all participants before the start of the course

3. It was agreed that the venue of course will be Arts Block Room No 08. It was also agreed that the event coordinator will take care of the venue booking and ensure all technical arrangements are in place for the course sessions.

4. It was agreed that the Event Coordinator will begin the promotional campaign two weeks prior to the course start date. . The syllabus as already designed last year will be adopted and the method of evaluation will be multiple choice questions as was earlier. Students obtaining 40% marks will be given certificate of completion.

REPORT ON CERTIFICATE COURSE ON HUMAN RIGHTS

The Certificate Course on Human Rights, spanning six days and comprising 30 hours of comprehensive instruction, aimed to provide participants with a profound understanding of human rights principles, their historical context, international legal frameworks, and contemporary challenges. This report provides an overview of the course, its objectives, content, outcomes, and participant feedback.

Course Objectives:

The primary objectives of the certificate course were as follows:

1. To educate participants about the historical evolution of human rights.

2. To familiarize participants with key international and national legal instruments related to human rights.

3. To explore contemporary human rights challenges and violations.

4. To equip participants with advocacy and research skills for promoting and protecting human rights.

5. To encourage ethical considerations and dilemmas in the context of human rights work.

Course Highlights:

The certificate course featured a variety of engaging activities and components, including:

1. Interactive Lectures: Experienced instructors delivered engaging lectures, providing theoretical foundations for understanding human rights principles.

2. Case Studies: Participants were presented with real-world case studies to analyze and discuss human rights violations, solutions, and prevention strategies.

3. Guest Speakers: Esteemed guest speakers, including human rights advocates and legal experts, shared their insights and experiences.

4. Group Discussions: Interactive group discussions facilitated the exchange of ideas and perspectives among participants.

5. Advocacy Workshops: Workshops on effective advocacy techniques and strategies were conducted.

6. Ethical Dilemma Scenarios: Participants engaged in role-playing exercises to address ethical challenges in human rights work.

7. Research Projects: Participants conducted research on specific human rights issues and presented their findings.

Course Outcomes:

Upon completion of the course, participants achieved the following outcomes:

1. Developed a strong foundation in human rights principles and history.

2. Gained knowledge of international and national legal frameworks governing human rights.

3. Enhanced their ability to identify and analyze contemporary human rights challenges.

4. Acquired advocacy skills and tools for promoting and protecting human rights.

5. Engaged in critical thinking about ethical dilemmas in human rights work.

6. Collaborated effectively with peers in group activities and projects.

Participant Feedback:

Feedback from course participants was overwhelmingly positive:

- "This course has broadened my perspective on human rights and equipped me with practical skills I can apply in my advocacy work."

- "The guest speakers were a highlight for me; their real-world experiences were inspiring and informative."

- "The interactive approach to learning, including group discussions and case studies, made the content more engaging and memorable."

Conclusion:

The Certificate Course on Human Rights was a resounding success, fulfilling its objectives of educating participants on human rights principles, legal frameworks, and contemporary issues. It empowered individuals with the knowledge and skills needed to actively engage in human rights advocacy and contribute to a more just and equitable society. This course is a testament to the importance of continued education and awareness in the field of human rights. It is recommended that similar courses be conducted to reach a broader audience and

create a more informed and proactive global community dedicated to upholding human rights.

This report provides an overview of the certificate course on Human Rights, highlighting its objectives, content, outcomes, and participant feedback. It underscores the importance of such courses in promoting human rights education and advocacy.

Subject: Proposal for a 30-Hour Certificate Course on Human Rights for College Students during Summer break 2022-23

Respected Ma'am,

We, the Department of Political Science, would like to propose the introduction of a two comprehensive 30-hour certificate course on Human Rights for the students of the college. We believe that empowering our students with knowledge about Human Rights and issues of utmost importance in shaping responsible, empathetic, and socially conscious individuals.

Rationale:
In an increasingly interconnected world, understanding and advocating for human rights is paramount. To foster awareness and activism, we propose a one-week summer course on human rights. This immersive program aims to equip participants with knowledge, critical thinking skills, and a passion for championing human rights causes.

Course Objectives:

The proposed course aims to achieve the following objectives:

1. To educate participants about the historical evolution of human rights.

2. To familiarize participants with key international and national legal instruments related to human rights.

3. To explore contemporary human rights challenges and violations.

4. To equip participants with advocacy and research skills for promoting and protecting human rights.

5. To encourage ethical considerations and dilemmas in the context of human rights work.

Assessment and Certification:
Students will be evaluated through a combination of assignments, group discussions, and a final quiz. Successful completion of the course will earn participants a certificate of achievement, recognizing their commitment to sensitize about their rights and responsibilities.

We firmly believe that implementing this Human Rights course will contribute to the holistic development of our students and create a more inclusive and respectful campus environment. We kindly request your support and approval to initiate this course for the upcoming academic year.

Thank you for your time and consideration. We look forward to the opportunity to discuss this proposal in further detail.

Yours sincerely,

HOD Political Science
Deptt. of Political Science
Govt. College for Women

Subject: Proposal for a 30-hour Certificate Course on Psychological Assessment in subject Psychology

Dear Madam,

I am writing to propose the initiation of a 30-hour certificate course in the field of psychology, specifically focusing on psychological assessment. This course will be organized by the Department of Psychology and is scheduled to take place from January 2nd, 2023, to January 7th, 2023.

Course Overview:

- **Course Title:** Certificate Course in Psychological Assessment
- **Duration:** 30 hours
- **Dates:** January 2nd, 2023, to January 7th, 2023
- **Location:** Department of Psychology
- **Target Audience:** Students of second semester of psychology department

1. To provide participants with a comprehensive understanding of psychological assessment techniques.
2. To equip participants with the skills necessary to conduct and interpret psychological assessments.
3. To explore the ethical considerations and best practices in psychological assessment.
4. To prepare participants for real-world applications of psychological assessment in various settings.

Course Highlights:

- Lectures by experienced faculty members from the Department of Psychology.
- Hands-on practical sessions to apply assessment techniques.
- Case studies and group discussions.
- Certification upon successful completion of the course.
- Enhanced knowledge and skills in psychological assessment.
- A valuable certificate to add to their resume.
- Opportunities for career advancement in psychology-related fields.

We believe that this 30-hour certificate course in Psychological Assessment will provide valuable knowledge and skills to participants, contributing to their personal and professional

growth. We kindly request your support and approval to proceed with the planning and organization of this course.

We look forward to discussing this proposal in detail and welcome any feedback or suggestions to make this course a success.

Yours faithfully

COURSE OUTCOMES: CERTIFICATE COURSE ON PUNJABI BHASHA ATE VYAKARN

1. Communication Skills: Students will be able to engage in basic conversations in Punjabi. This includes introducing themselves, asking and answering simple questions, and expressing common thoughts and ideas.
2. Reading and Writing: Basic Punjabi courses often cover the Gurmukhi script, which is used to write Punjabi. Students may learn to read and write simple sentences, words, and phrases in Gurmukhi.
3. Language Proficiency: The primary goal of a basic Punjabi course is to help students develop proficiency in the Punjabi language. By the end of the course, students should be able to understand and use basic Punjabi vocabulary, grammar, and pronunciation.
4. Improved Language Learning Skills: Studying Punjabi can also enhance a student's overall language learning skills. They may become better at grasping grammar rules, vocabulary acquisition, and pronunciation in other languages.
5. Career Opportunities: Depending on the student's career goals, a basic understanding of Punjabi can be an asset. It can open up job opportunities in fields such as translation, interpretation, international business, and even diplomacy, particularly in regions with Punjabi-speaking populations.
6. Cultural Exchange: Learning Punjabi can facilitate cultural exchange and foster connections with Punjabi-speaking communities, both locally and globally.
7. Personal Enrichment: Beyond practical benefits, learning Punjabi can be personally enriching. It can deepen one's appreciation for linguistic diversity and promote cross-cultural understanding.

Report of Basic Certificate Course in Sanskrit

(संस्कृत संभाषण शिविर)

A 10 day Sanskrit sambhashan course in basic Sanskrit is designed to introduce students to the fundamentals of the language by the Department of Sanskrit during the winter vacations w.e.f 26 Dec 22 to 06 jan 2023 for the students . It has the duration of 30 hours spread over 10 days . This course is divided into 10 chapters. The course is designed with the overview of the Sanskrit language. The students are to be taught to read and write in the Devanagari script which is used for Sanskrit and several other Indian languages. This includes recognising the Sanskrit alphabet and understanding how to form syllables and words. It includes building a basic vocabulary of common words and phrases in Sanskrit. It includes greetings, numbers, family terms and every day objects. It's syllabus also have the fundamental grammatical concepts as nouns, verbs, adjectives in the sentence structures. The students will also learn about the three genders and how to use them correctly. Correct pronunciation is crucial in Sanskrit so they will be taught how to articulate Sanskrit sounds accurately as the progress. They will be guided in constructing simple sentences and engaging in basic conversations. The course also recommended them text books as the 10 days are usually not enough to achieve fluency.

Report of Certificate Course in

"Statistical Technique for Data Analysis using R"

Department of Computer Applications Padma Shri Padma Sachdev Govt. College for Women Gandhi Nagar Jammu organized a certificate Course in ***Statistical Technique for Data Analysis using R*** during the winter vacations from 1st of January to 10th of January, 2023 for the students. The Certificate Course in ***Statistical Technique for Data Analysis using R***, with a duration of 30 hours, aimed to provide participants with a comprehensive understanding of Statistical Techniques for analysing the data using R software, from fundamentals to advanced concepts. The course encompassed various activities to ensure effective learning and practical application of R software in real-world scenarios. The course was divided into four chapters of 7.5 hours, each focusing on specific aspects of statistical techniques for data analysis. Throughout the course, various activities and assignments were assigned to participants to reinforce their understanding and provide hands-on experience. Regular feedback sessions were conducted to address participants' queries and concerns. Additionally, continuous evaluation and constructive feedback were provided on assignments and projects to track progress and improvement. The Certificate Course in ***Statistical Technique for Data Analysis using R***, spanning 30 hours, provided participants with a solid foundation in various statistical technique fused for data Analysis using R software. Through a well-structured curriculum, practical activities, and assessments, participants gained valuable skills and knowledge in Data Analysis using R, setting them on a path to success in their careers.

Outcome of Certificate Course in Statistical Technique for Data Analysis using R

The Certificate Course in **Statistical Technique for Data Analysis using R**, organized by the Department of Computer Applications Padma Shri Padma Sachdev Govt. College for Women Gandhi Nagar, Jammu, during the winter vacations from January 1st to January 10th, 2023, yielded several positive outcomes for the participating students:

- **Comprehensive Data Analysis using R, Proficiency:** Participants gained a thorough understanding of Python programming, covering both fundamental and advanced concepts. This knowledge equipped them with the skills necessary to work with data analysis using R software, effectively.
- **Real-World Application:** The course structure emphasized practical application in real-world scenarios. Students could apply their data analysis skills to solve practical problems, making them job-ready in various industries.
- **Structured Learning:** The division of the course into five chapters, each focusing on specific aspects of **Data Analysis using R**, ensured that participants received a well-structured and organized education.
- **Solid Foundation:** The course's curriculum, designed to span 30 hours, provided students with a strong foundation in data analysis techniques using R software. This foundation is crucial for those looking to pursue further studies or careers in software development.

Syllabus for 30-Hours Certificate course in Statistical Technique for Data Analysis using R

Course Title: Statistical Technique for Data Analysis using R
Credits: 02
M.M: 40

Course Outcomes:
After completing this course, a student will have: Basic Knowledge of R programming with some basic notions for developing their own simple programs and visualizing graphics in R. Ability to perform data analysis for both univariate and multivariate data sets using R.

UNIT-I
Introduction to R Programming and R Studio, Installing R, R as a calculator. Creating a data set, Understanding a data set, Data structure: Vectors, Matrices, Arrays, Data Frames, Factors and Lists.

UNIT-II
Data inputs: Entering data from the keyboard, Importing Data, creating new variables, recoding variable, renaming variables, plot a graph viz. histogram, frequency polygon, pie chart, Ogive with graphical summaries of data.

UNIT-III
Random number generation and sampling procedures, Fitting of polynomials and exponential curves. Application problems based on fitting of suitable distribution, Normal probability plot.

UNIT-IV
Descriptive Statistics: Measures of central tendency and Dispersion. Inferential Statistics-parametric test: Test for normality, t-test for single means and difference of means. Chi-Square test.

Subject: - Proposal for a 30 Hour Course on Statistical Technique for Data Analysis using R for college students.

Respected Ma'am,

We, the Department of Statistics, would like to propose the introduction of a comprehensive 30-hours course ***"Statistical Technique for Data Analysis using R"*** for the students of the college. We believe that empowering our student with knowledge about the statistical techniques using software in demand is of utmost importance in shaping career in the field of data science.

Rationale:

In today dynamic and diverse world statistical software has become a very important tool to companies as well as for academicians to perform the data analysis. The software use Artificial Intelligence and Machine Learning to perform complex calculations, identify trends, create charts, graphs and tables accurately within minutes. Using statistical techniques helps to address this challenge by providing a framework for understanding and making sense of the data.

Course Objectives:

The proposed course aims to achieve the following objectives:

1. To make students exercise the fundamentals of statistical analysis in R.
2. Educate the students to analyze the data for the purpose of exploration using descriptive and inferential statistics.
3. Able the students to understand the key terminologies, concepts and techniques employed in statistical analysis.
4. Students will understand how to conduct and interpret a verity of hypothesis tests to aid decision making.
5. Encourage students to learn various statistical techniques using the software which is highly in demand so that they can excel in their academic career as well as in their professional career.

Course Structure:

The proposed course will be spread over 10 days with 3 hours of engaging and interactive session per day. The session will be conducted by the department staff experts in the field of Statistics and Data Analysis.

10. What is the output of the following code in R?

```
x <- c(1, 2, 3) y <- c(4, 5, 6) lm(y ~ x)
```

a. An error message
b. A linear regression model object
c. A scatterplot of x versus y
d. A summary of the regression model

11. Which of the following is a valid way to read in a CSV file in R?

a. read.csv("data.csv")
b. read.table("data.csv")
c. read.excel("data.csv")
d. load("data.csv")

12. Which of the following functions in R can be used to create a histogram?

a. scatterplot()
b. boxplot()
c. density()
d. hist()

13. What is the output of the following code in R?

```
x <- c(1, 2, 3, 4, 5) y <- c(4, 5, 6, 7, 8) summary(lm(y ~ x))$r.squared
```

a. The R-squared value of the linear regression model
b. A scatterplot of x versus y
c. A summary of the regression model
d. An error message

14. What is the output of the following code in R?

```
x <- c(1, 2, 3, 4, 5) y <- c(4, 5, 6, 7, 8) plot(x, y)
```

a. A scatterplot of x versus y
b. A line plot of x versus y
c. A bar plot of x versus y
d. An error message

15. What is the output of the following code in R?

```
x <- c(1, 2, 3, 4, 5) y <- c(4, 5, 6, 7, 8) cor(x, y)^2
```

a. The R-squared value of the linear regression model
b. A scatterplot of x versus y
c. The correlation coefficient between x and y
d. An error message

16. What is the output of the following code in R?

x <- c(1, 2, 3, 4, 5) y <- c(4, 5, 6, 7, 8) lm(y ~ x)

a. A scatterplot of x versus y
b. A summary of the regression model
c. The regression coefficients of the model
d. An error message

17. Which of the following functions in R can be used to calculate the standard deviation of a vector of numbers?

a. mean()
b. median()
c. var()
d. sd()

18. What is the output of the following code in R?

x <- c(1, 2, 3, 4, 5) y <- c(4, 5, 6, 7, 8) predict(lm(y ~ x))

a. A scatterplot of x versus y
b. The predicted values of y based on the regression model
c. A summary of the regression model
d. An error message

19. Which of the following is the correct syntax for assigning a value to a variable in R?

a. var = 10
b. 10 = var
c. var == 10
