Swacchta that is cleanliness is the abstract state of being clean and the habit of achieving and maintaining that state. Cleanliness may imply a moral quality, as indicated by the aphorism "cleanliness is next to godliness", and may be regarded as contributing to other ideals such as health and beauty. On 2nd October, 2014, Prime Minister of India launched a nationwide cleanliness campaign called Swachh Bharat Mission. It is India's largest ever cleanliness drive. The objectives of Swachh Bharat are to reduce or eliminate open defecation through construction of individual, cluster and community toilets. The concept of SBM is to provide sanitation facility to every family, including toilet, solid and liquid waste disposal system, village cleanliness and

safe and adequate drinking water. The Ministry of Human Resource Development in association with the Ministry of Drinking Water and Sanitation has launched the '**Swachh Bharat Summer Internship – 100 Hours of Swachhata**' programme for the period from 1st May 2018 to 31st July 2018. This program involves the construction of bathrooms in public areas, promoting sanitation awareness in rural areas, cleaning streets, bringing behavioral changes to people, and converting India an ideal country before the world.

Adopted Village and Methodology

For Swachh Bharat Summer Internship, 2018, 87(66 cadets of army unit and 27 cadets of naval unit) cadets got enrolled under the supervision of Lt. Dr. Revika Arora, ANO, 1J&K Girls Bn, and S. Lt. Dr. Neelima. G., ANO, 1J&K Naval Unit, Govt. PG College for Women, Gandhi Nagar, Jammu. This programme was successful under the esteemed guidance of Dr. Koushal Smotra, Principal, GCW Gandhi Nagar and Col. A. K. Sharma, Commanding Officer, 1J&K Girls Bn. Jammu. Swachh Bharat Summer Internship programme was carried out in Sehora village in Jammu. Sehora village consists of nearly 5000 people , 08 mohallas, and 05 wards. Ward 1 and Ward 2 of Sehora village in Jammu was adopted to carry out various activities mentioned in swachh bharat summer internship. More than 100 hours were devoted for various activities in the village.

There were many problems while performing activities like hot sunny and sometimes rainy climate. Gathering the people was very difficult. But later on the villagers cooperated and they actively responded to activities like door to door campaign, cleanliness drive, short film, nukkad natak, street cleaning and drain cleaning etc.

कनैक्शन काटे जाने का विरोध

लोगों ने बार्डर संघर्ष समिति बैनर तले किया प्रदर्शन

अधिकारी बोले : जब तक कनैक्शन नहीं जुड़ जाते, तब तक प्रदर्शन जारी रहेगा

अखनूर 20 फरवरी (काटल): एक तरफ सीमा पर रहने वाले लोगों की अपनी ही समस्याएं होती हैं जो हर बार गोलाबारी का दंश झेलते हुए अपने घरों को छोड़कर प्रशासन द्वारा नामजद किए गए स्थानों पर रहते हैं तथा काफी दिनों तक उनके घरों के मीटरों पर ताले लटकते रहते हैं। यह सब कागजी रिकॉर्ड अनुसार होता है, मगर जब यही विभाग के अधिकारी अपनी रिकवरी के लिए उनके घरों में मोटे-चौड़े बिल भेज देते हैं तो उन्हें देखकर उनको आपको ठगा-सा महसूस करते हैं और उन्हें जब सत्ता में रहने वाली पार्टी के लोगों द्वारा माफ करवाने का आश्वासन दिया हो।

ऐसा कुछ सीमावर्ती कस्बा अर्निया के लोगों के साथ हो रहा है। वीरवार को सीमावर्ती कस्बे के लोग बार्डर संघर्ष समिति के बैनर तले तरेवा चौक में एकत्र होकर बिजली विभाग के खिलाफ नारेबाजी करते हुए विरोध प्रदर्शन शुरू कर दिया। प्रदर्शन प्रदर्शनकारियों का कहना था कि विभाग के कई नेता जब दौरे पर आते हैं तो हमें आश्वासन देते हैं कि बार्डर से पांच किलोमीटर के दायरे वाले गांवों में बिजली-पानी का किराया नहीं लिया जाएगा। अगर लेना भी होगा तो वह कुछ कम होगा, मगर बुधवार को बिजली विभाग द्वारा कुछ एक वार्डों की बिजली यह कह कर काटी गई कि जब बिजली का बकाया पूरा होगा तो ही बिजली बहाल होगी। हम विद्युत विभाग में इस तरह की एकतरफा कार्रवाई की निंदा करते हैं और प्रशासन को चेतावनी देते हैं कि जब तक बार्ड की बिजली बहाल नहीं होती, तब तक धरना प्रदर्शन जारी रहेगा। इस मौके पर यश पाल कुमार, कमलजीत, रघुवीर सिंह, जीत राम पहलवान आदि मौजूद थे।

Footballer prays, worries, smiles as pilot wife rescues Indians amid COVID-19 pandemic

■ AGENCY

NEW DELHI: Flying the Boeing 787 Dreamliner, Commander Pushpanjali Potsangbam has been airlifting Indians stranded in different parts of the world and bringing them back home amid the COVID-19 pandemic.

But the New Delhi-based Air India pilot has not been able to meet her husband, well-known India footballer Gourmangi Singh, for the past four months as she got down to quietly go about her task.

As a Commander with Air India, the Manipuri woman is part of the government's Vande Bharat mission to rescue I understand it's a very difficult and stressful job. Yes, I would be lying if I say it doesn't worry me," Gourmangi told PTI.

Pushpanjali has been working with the country's biggest carrier for the past 11 years, having started out as a first officer.

"Last week she was in Lagos (Africa) for bringing back Indian citizens stuck there. She only operates on the international sectors," said the 34-year-old.

It is not easy when one has to undergo the COVID-19 test three times for operating a single flight -- before departure for destination, on arrival at national capital and reunite with his wife.

"I am coming there in the next few days. Delhi has been my second home for some years now."

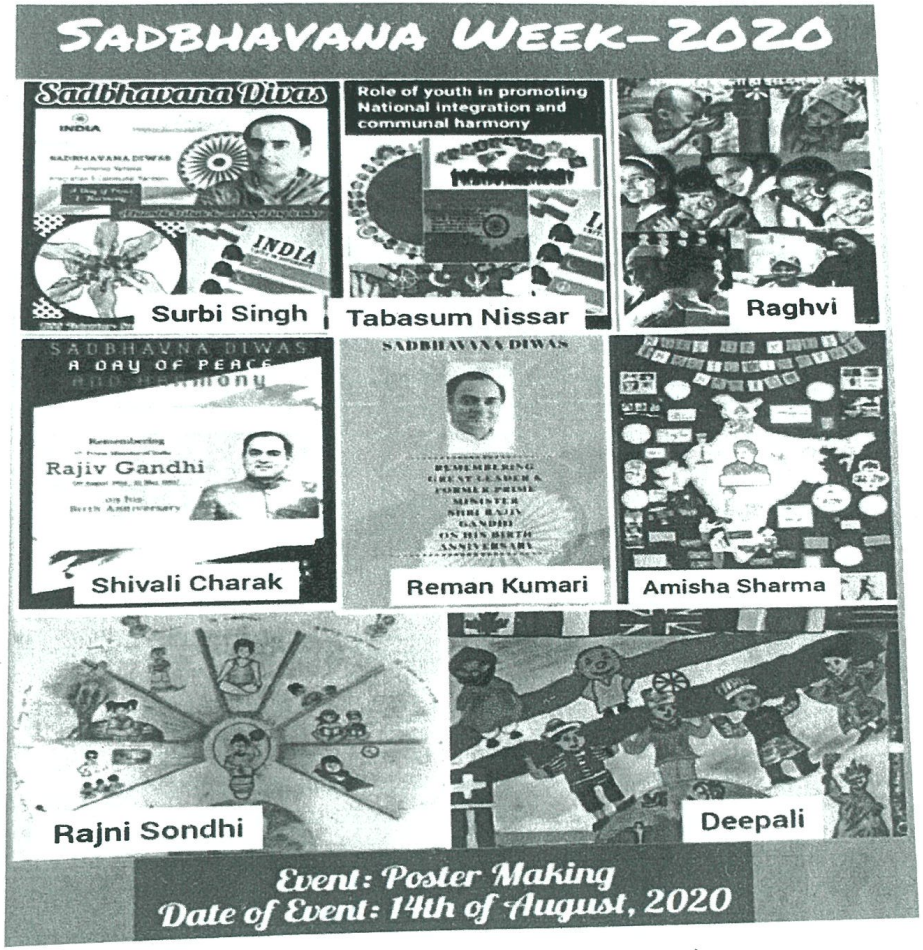

Gourmangi is one of the most decorated players in Indian football in recent times -- having won the National Football League, Federation Cup and I-League titles, along with the AIFF Player of the Year award in 2010.

He was also a part of India's triumphant Nehru Cup campaign in 2007 and 2009 and the AFC Asian Cup in 2011, where he scored the team's opener against Bahrain.

The home has two fledged multi-storied buildings and a premier centre of Jammu and Kashmir, with the capacity to accommodate about a hundred such persons needing someone to look after or take care. Home for Aged & Infirm Ambphalla provides quality and kind living for senior citizens.

The purpose of this report is to provide an overview of a visit to access the care and well being of senior citizen residing in an old age home. The Visit aimed to evaluate the quality of care provided, overall well being of the resident, and identify any area that requires improvement.

- **Physical Health-** Majority of the residents reported good overall physical health, with regular medical check-ups and medication management, being well implemented, however a significant number of residents faced mobility challenges, requiring additional support and accessibility improvements within the facility.
- **Mental Health-** The residents experienced symptoms of loneliness, depression and anxiety. There is a need to expand mental health support services and promote social engagement and address these concerns.
- **Social Interaction-** Residents expressed varying level of satisfaction with their social interaction within the senior citizen home, while some reported forming close friendship and others felt isolated and disconnected.

During the course of visit, the few areas that can be improved are expansion of mental health services to address loneliness, depression and anxiety among residents by conducting counseling sessions, support groups and volunteer programs to foster social connections.

COMMUNAL HARMONY AND NATIONAL INTEGRATION

India is a country consisting of people from different backgrounds, mixed cultures and various religious practices. It brings in a harmony of varied diversities together. If its land, soil would be a great feeling if India could properly implement the idea of National Integration.

National Integration refers to the perception of single national identity among people of a country belonging to various races, castes and religion.

Communal Harmony refers to the harmony, acceptance and love among the people of various communities belonging to different castes, races and religion.

Communal Harmony is the most important pre-condition for feeling of Unity and National Integration in India.

India has witnessed a great diversity of faith and religion from the earliest times, but this has not interfered with the peaceful pursuit of the ways of life of different sections. Christians and Jews who came to India in the first century of the Christian era found hospitable reception here. After several centuries, the Parsis and Muslims received equal reception. Ever since then, India has been marked by the prosperity of communities belonging to different religions. The people of India values the importance of National Integration.

The dictum of catholicity of Indian Culture, 'live and let live' have been forged through ages different religious races and cultures of the vast country into a united concept of oneness that is India. It was this inherent unity and communal harmony which enabled India to fight against the British might as one man for freedom.

The Preamble to the Constitution described India as a Sovereign Socialist Secular Democratic Republic and secures to all citizens liberty of thought, expression belief, faith and worship. Articles 25 to 30, in particular, guarantee to everyone the right of freedom of religion, freedom of conscience and the right freely to profess, practice and propagate religion.

Conclusion: It is the sacred duty of our political leaders to inject the importance of communal harmony in their political programs. The danger of communalism can be averted if the self-defeating and suicidal slogans like 'my state, my language, my caste and after all, my religion' are supreme, give way to the noble sentiment of India first and last and always. It will integrate our emotions and aspirations and ensure Communal Harmony and National integration of the country. Then the slogan 'unity in diversity' will be true and be our hopes and aspirations.

5. **Operations Manager**: Operations managers are responsible for optimizing the production and delivery of goods and services. They oversee supply chain management, process improvement, and quality control to maximize efficiency and minimize costs.
6. **Entrepreneurship**: Many MBA graduates choose to start their own businesses or join startups. An MBA equips you with the skills and knowledge needed to develop business plans, secure funding, and manage various aspects of a startup.
7. **Human Resources Manager**: HR managers handle employee recruitment, training, and development, performance management, and compensation and benefits. They ensure that the organization has a talented and motivated workforce.

Dr. Gautam delivers lecture on WNTD-2023

JL NEWS SERVICE

JAMMU, May [illegible] Gautam Sharma (MDS) [illegible] Oral Surgeon of the Union Territory of Jammu and former President of Indian Dental Association (IDA), today interacted with the students of Padma Shri Padma Sachdev Govt College for Women, Gandhi Nagar, on 'World No Tobacco Day'. The lecture was organized by Seva Mukt Bharat Abhiyan (NMBA) Committee of the college on the theme 'Commit to Quit'.

Prof Minu Mahajan, Principal, Padma Shri Padma Sachdev Govt College for women Gandhi Nagar, Jammu presented a bouquet to Dr Gautam Sharma and lauded the efforts of the committee for organizing the awareness session on the occasion and the services rendered by him in the field of dentistry.

She emphasized that through such lectures the students can get valuable information about the various dental issues and learn how to take care of their oral health and also how to avoid habits like tobacco consumption which lead to various oral health problems in the long run.

The welcome address was delivered by Prof Rashmi Kumari, Convenor of NMBA. She thanked the guest speaker and emphasized on the harmful and deadly effect of tobacco use and discouraged the use of tobacco.

Dr. Gautam Sharma shared his valuable knowledge with students about oral cancer, its symptoms, risk factors, preventive measures, latest updates in oral cancer treatment, dental implants, smoking cessation techniques and healthier lifestyle choices. During the lecture, Dr. Gautam Sharma graciously addressed various queries from students, including the impact of tobacco on physical and mental health, the associated economic burden, and the potential benefits of quitting. He said that the theme of this World [illegible] Day is 'Commit to Quit' which encourages individuals to make a commitment to quit tobacco use. He said that tobacco kills more than 8 million people every year. More than 7 million of those deaths are the result of direct tobacco use while around 1.3 million people who do not themselves use tobacco are exposed to second-hand smoke. Almost 80% of the world's 1.3 billion tobacco users live in low- and middle-income countries, where the burden of tobacco-related illnesses is highest. He said that tobacco kills people in many ways, not just through cancer. Tobacco causes heart disease, stroke, and lung diseases. It harms nearly every organ in the body, raises risk for tuberculosis, makes it harder for people to breathe, and can affect overall health. He said that tobacco users die on average 10 years earlier than non-users. Tobacco is also a major risk factor for non-communicable diseases such as heart disease, stroke, and diabetes. Tobacco users are more likely to develop serious complications from these diseases and have a higher risk of premature death. He said that tobacco use can also lead to poor oral health, including gum disease, tooth loss, and oral cancer. Tobacco users are also more likely to have bad breath, stained teeth, and a dull complexion. He said that tobacco use can also lead to premature aging of the skin.
